3.05.01 POLICY

The Board of Trustees invites interested individuals, businesses and organizations to establish scholarships for the benefit of students. The stipulations of each scholarship must be in writing, and there must be mutual agreement between the donor and the institution through the Joliet Junior College Foundation concerning the requirements stipulated in the scholarship agreement. The following criteria are suggested as guidelines in the awarding of scholarships:

- A. First priority for local scholarships will be on the basis of need.
- B. Non-district students should be considered for scholarships awarded by state and national organizations on the same basis as local students.
- C. There should be an indication that the student will be successful in the program for which the scholarship was awarded.

Scholarship monies from private sources that are to be awarded as scholarships to JJC students are to be placed in the Joliet Junior College Foundation and will be administered in conjunction with the Financial Aid Office. Scholarship funds from governmental sources will be processed and administered under the direction of the Director of Financial Aid.

Joliet Junior College is committed to a policy of nondiscrimination on the basis of race, color, religion, national origin, ancestry, age, sex, marital status, disability, unfavorable military discharge, or on any other unlawful basis in the admission, employment, educational programs and activities operated by the College.
