Have you ever wondered what it's like to go on safari in Africa? You can now experience it from the comfort of your home! A tour guide from the OI Pejeta Conservancy in Nanyuki, Kenya will be taking attendees on a LIVE virtual drive through the conservancy to see African wildlife at sunset. Set your alarm clocks early, because our sunrise is sunset time in Kenya! Attendees will be able to ask the tour guide questions.

### Friday, Nov. 19: 11 a.m.

#### Tour of the Muslim Quarter (Jerusalem, Israel)

Many of the boundaries that we imagine separate Israel from Palestine, Christian from Muslim, and East from West are, to a significant degree, artificial. In this tour, we will explore the historical and religious connections of Jews and Christians to sites in the Muslim quarter. Come along and explore churches, synagogues, study halls, markets and more.
