

NEW STUDENT STEPS

Visit the Admissions page at jjc.edu/admissions for a complete list of steps to get started at JJC.

☐ **Apply to Joliet Junior College.**

- Submit your application at jjc.edu/admissions.
- Your MyJJC account is created 24-72 hours after applying.
- Look up your MyJJC username, ID number and create your password at jjc.edu/password.

☐ **Submit your high school transcript or equivalency record.**

- Contact your high school to have your transcript or equivalency (GED, HiSET or TASC) sent to the JJC Admissions Office or e-mail admissions@jjc.edu. If you are still in high school, a current copy of your transcript will be accepted until your official transcript is available. *These must be on file for appropriate math and science placement.*

☐ **Complete the New Student Presentation.**

- For the link, see step two at jjc.edu/admittedstudents (requires MyJJC username and password).

☐ **Need help paying for college?**

- Look for steps to apply for financial aid at jjc.edu/FinancialAid and scholarships at jjc.edu/scholarships. *This step is recommended but not required.*

☐ **Complete placement testing or submit your eligible scores to the Admissions Office.**

- Visit jjc.edu/placement to learn about placement testing or submitting your eligible ACT, GED, HiSET, PARCC, SAT or TASC scores. If you have questions, call (815) 280-2284.

☐ **Schedule an advising session. See step seven at jjc.edu/admittedstudents to register for your first semester of classes. You will be given further instructions regarding first semester advising after completing the New Student Presentation (requires MyJJC username and password).**

- A current admissions application and all appropriate placement scores must be on file before signing up for an advising session.
- Please note: not all students will go to group advising. Specific programs will meet with faculty advisors instead.
