11.11.00     CLERY ACT COMPLIANCE

The *Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542)* was amended in 1998 and renamed *Jeannie Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*, commonly referred to as the “*Clery Act*”.

Jeannie Clery Act (Clery Act) is a consumer protection law requiring all Colleges and universities who receive federal funding to share information about crime on campus and their efforts to improve campus safety as well as inform the public of crime in or around campus. This information is required to be made publicly accessible through the institution’s annual security report (ASR).

In addition, on March 7th, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. L. 113–4), which, among other provisions, amended the Clery Act to require institutions to compile statistics for incidents of dating violence, domestic violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports.

Joliet Junior College (JJC) is committed to the safety and security of all students, employees and guests visiting or working at the College and complying with the requirements of the Clery Act. This includes providing information to current and prospective students and employees that will allow them to make informed decisions regarding their safety while at the College. This information includes but is not limited to the timely posting of the ASR as defined in the Clery Act, which mandates that statistics for certain Clery Act defined crimes be posted for the most recent three years along with statements of policy on a number of security related issues.

The entire ASR shall be posted as a single document along with required policy statements, and information regarding the availability of the document in electronic and paper format shall be posted on all employment and student applications. Additionally, the newly updated ASR shall be filed electronically with the Department of Education (DOE) annually prior to October 1<sup>st</sup>, and information regarding the posting shall be sent to all current students and employees prior to October 1<sup>st</sup> of each calendar year.
