**Reviewed:          03/2023**

---

Joliet Junior College maintains an “open door” policy. Applicants eligible for admission include the following:

- A. High school graduates or those with a high school equivalency certificate (GED, HiSET, or TASC)
- B. Anyone 18 years of age and older or
- C. Transfer students from other colleges and universities or
- D. Applicants who have completed a home-school course of study.

In addition, the following categories of applicants may be admitted with the approval of the Director of Admissions and Academic Affairs.

- A. High school students 16-17 years of age who obtain prior approval from the high school in which they are currently enrolled.
- B. Young adults 16-17 years of age who have severed all connections with the high school district in which they are legal residents.
- C. Students under 16 years of age who obtain prior approval from their high school district and from Illinois Community College District 525.

Admission to the college does not guarantee entrance into a particular course or program of studies. The college reserves the right to establish selective admissions procedures and to give preference to residents of Illinois Community College District 525.

Students applying for admission to Baccalaureate Transfer Programs must meet the minimum requirements as stipulated by State of Illinois law, beginning with the fall 1993 semester. A student who does not meet these requirements at the time of application will be admitted to Joliet Junior College as a “Pre-Baccalaureate Transfer Student”. When the requirements have been completed, the student shall be re-classified as a Baccalaureate Transfer Student.
