7.6.1 POLICY STATEMENT ON CONTROVERSIAL ISSUES

Our democratic constitutional society guarantees citizens the freedom to consider all issues in a framework of orderly process. The faculty of Joliet Junior College has these same rights as all citizens and they also have the responsibilities of professional faculty members to insure that issues discussed in an intellectual framework should:

1. Contribute to a prescribed course of study and the general education program of the college;
2. Be of sufficient interest to encourage participating by students;
3. Provide the opportunity for critical thinking, tolerance and understanding of conflicting points of view;
4. Be an issue about which sufficient information is available to allow for discussion and evaluation on a factual and reasonable basis.
