Letter to the Citizens of Joliet Junior College
Community College District No. 525

FORMAL TRANSMITTAL OF THE COMPREHENSIVE ANNUAL FINANCIAL REPORT

The Comprehensive Annual Financial Report of Joliet Junior College, Community College District No. 525, Counties of Will, Grundy, Livingston, Cook, Kendall, LaSalle, and Kankakee, and the State of Illinois, for the fiscal year ended June 30, 2015, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities in relation to its mission have been included.

Financial Statements

This letter of transmittal should be read in conjunction with the management's discussion and analysis which immediately follows the independent auditor's report and focuses on current activities, accounting changes, and currently known facts.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, financial, statistical, and special reports. The introductory section includes this transmittal letter, a list of principal officials and the District's organizational chart. The financial section includes the report of our independent public accountants, management's discussion and analysis, the basic financial statements, and notes to the financial statements. The statistical section includes selected unaudited financial and demographic information, generally presented on a multi-year basis. The special reports section includes grants and enrollment audits required by the Illinois Community College Board (ICCB) together with the related auditor's reports.

The District maintains its accounts and prepares its financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) as set forth by Governmental Accounting Standards Board (GASB), National Association of College and University Business Officers (NACUBO) and the Illinois Community College Board (ICCB). The financial records of the District are maintained on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal obligation to pay. The notes to the financial statements expand and explain the financial statements and the accounting principles applied. The financial statements have been audited by our independent auditors, Crowe Horwath LLP, and their report is included as part of this financial presentation.

Joliet Junior College is subject to the authority of the Illinois Community College Board under the Illinois Board of Higher Education. The District is governed by the Board of Trustees, which is elected by the public and has the exclusive responsibility and accountability for the decisions it makes. The District has the statutory authority to adopt its own budget, to levy taxes, and to issue bonded debt without the approval of another government. It has the right to sue and be sued, and has the right to buy, sell, lease or mortgage property in its own name. Based on these criteria, the District is considered a primary government. In addition, a primary government may also be financially accountable for governmental and non-governmental organizations that are fiscally dependent on it. The District has determined that the Joliet Junior College Assistance Corporation and the Joliet Junior College Foundation and its subsidiary meet these criteria and have been included in the District's reporting entity. These component units are described in the footnotes to the financial statements.

PROFILE OF THE GOVERNMENT

History

Joliet Junior College is the nation's first public community college. In 1901, Joliet Township High School Superintendent J. Stanley Brown and University of Chicago President William Rainey Harper developed a program in which Joliet area students could complete the first two years of baccalaureate coursework at the local high school and then transfer to the University of Chicago for the final two years of study. That first class consisted of six students; today, the College has grown to more than 35,000 credit and non-credit students.

Joliet Junior College is a comprehensive suburban community college and continues to offer pre-baccalaureate programs for students planning to transfer to four-year colleges and universities. In addition, the college provides career preparation training, workforce development and a lifetime of learning to the diverse community it serves.

Classes are offered during the day, evening and weekends at the Main Campus on Houbolt Road in Joliet, the City Center Campus in downtown Joliet, the Romeoville Campus in Romeoville, the Frankfort Education Center in Frankfort, the Morris Education Center in Morris, the Weitendorf Agricultural Education Center in Joliet and at satellite sites throughout the District's seven counties, which include parts of Will, Grundy, Kankakee, Kendall, LaSalle, Livingston and Cook Counties.

The District has 19 buildings that range in age from 2 years to 41 years and are in remarkable shape due to the District's proactive maintenance program.

The District's mission is determined by the Illinois Community College Act, which establishes the statewide community college system. Simply stated, the mission is to serve the post-secondary educational needs of the residents of Community College District No. 525. To fulfill this mandate, the District, through its strategic planning process, has expanded its mission and vision to be in concert with the educational needs of its constituents.

Mission

Joliet Junior College is an innovative and accessible institution, dedicated to student learning, community prosperity, cultural enrichment, and inclusion. Joliet Junior College delivers quality lifelong learning opportunities empowering diverse students and the community through academic excellence, workforce training, and comprehensive support services.

Vision

Joliet Junior College will be the first choice.

Strategic Goals

1. Provide education pathways that promote completion.
2. Improve data accessibility and integrity.
3. Collaborate with employers and the community.
4. Improve community awareness and strategic marketing.
5. Improve internal communications.

INFORMATION USEFUL IN ASSESSING THE GOVERNMENT'S ECONOMIC CONDITION

Economic Condition and Outlook

The District encompasses not only the far southwest suburban region of Chicago, but it also includes significant rural and unincorporated areas of Northern Illinois. The largest part of the 1,442-square-mile District resides in Will and Grundy Counties. Will County has the distinction of being one of the fastest growing counties in Illinois. Its growth over the last 10 years is due primarily to low unemployment, good transportation availability and its proximity to the Chicago metropolitan area. Despite the dramatic slowdown in the economy, \$177 million in new construction occurred in Will County, but the assessed value still decreased by \$136 million in the county from falling property values.

Grundy County is the second largest county in the District and is mostly rural. As Chicagoland continues to expand southwest, Grundy County has also experienced growth. In this year alone, \$23.6 million in new construction occurred in Grundy County, but the assessed value still decreased by \$3 million in the county from falling property values.

In developing the District's budget for the year ending June 30, 2016, new assessed value growth was estimated at \$250 million, or only a 1.5% increase. Property tax revenue is expected to increase 2.3% in total. The total tuition and fee rate was not increased and remains at \$115 per credit hour. Credit hour enrollment is projected to remain level from last year which is due to the economy starting to slowly recover and very little population growth within the District. State revenues are budgeted to increase slightly as a new funding formula is fully implemented by the State. The State still continues to have budget issues and pay obligations in an untimely manner. To maintain a balanced budget, there were reductions to non-essential services. The budget is balanced and all major revenue sources are expected to meet budget.

Major Initiatives

In order to accommodate future enrollment increases and provide better service to students, additional facilities were constructed and current facilities were upgraded as part of the college's 2008-2013 Master Plan. This plan is completed with the exception of the interior build-out of the City Center building which has commenced in FY16 with the release of \$10 million in State funding. Construction on projects began during FY09 with the college issuing \$70 million in debt funded by a capital assessment fee charged directly to the students with another \$89 million in debt supported by the citizens of Community College District 525 after a successful referendum attempt in November 2008.

During FY13, an update to the college's Master Plan was completed and approved by the Board of Trustees at a total estimated cost of \$67.4 million. Within this plan, expansion of the Romeoville campus and a new multipurpose facility on main campus were identified as the top priorities. In FY14, the college issued \$44.365 million in debt for this purpose with construction beginning in FY16.

Three-Year Financial Plan: As a part of its planning activities, the District developed a *Three-Year Financial Plan* that is consistent with the strategic goals. This financial plan, which is updated annually, is presented to the Board of Trustees in January of each year. The plan identifies major areas of concern that must be addressed if the college is to continue to fulfill its mission, vision, and strategic planning initiatives:

- Addressing potential impact of the state's fiscal crisis on the District's budget
- Realistic projections in property tax revenues
- Accommodating staff and resource needs to address projected enrollment growth
- Emphasis on student success
- Responsible reserves
- Continued implementation of the master plan and addressing its impact on operating costs

Financial Information

Internal Control. Management of the District is responsible for establishing and maintaining internal controls designed to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits require estimates and judgments by management.

Budgetary Controls. The District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the District's Board of Trustees. The following activities are included in the annual budget:

- Current Unrestricted
 - Educational Accounts
 - Operations and Maintenance Accounts
 - Capital Projects Fund (Operations and Maintenance – Restricted)
 - Auxiliary Enterprises
 - Audit
 - Liability, Protection and Settlement
 - Working Cash
 - Self-Insurance
- Current Restricted
 - Restricted Purpose
 - General Obligation Bond

The level of budgetary control (that is, the level at which expenditures cannot exceed the budget amount) is established for each individual fund. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

OTHER INFORMATION

Awards. The Association of School Business Officials International awarded a Certificate of Excellence in Financial Reporting to Joliet Junior College for its June 30, 2014 Comprehensive Annual Financial Report. The Certificate of Excellence in Financial Reporting Program is a prestigious national award, recognizing

conformance with the highest standards of financial reporting. Fiscal 2014 was the fifteenth year the District received this award for financial reporting.

In addition, the Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Joliet Junior College for its comprehensive annual financial report for the fiscal year ended June 30, 2014. Fiscal 2014 was the thirteenth year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

These certificates are valid for a period of one year only. The administration believes the current comprehensive financial report continues to conform to these high standards of financial reporting and will be submitted for review.

During the 2013-14 academic year, the District received recognition by the ICCB for the next five years. Recognition is a statutory term describing the status of a community college district that meets instructional, administrative, financial, facility, and equipment standards as established by the ICCB. Community colleges are recognized on a five-year cycle. The District's current recognition lasts until the 2018-19 academic year.

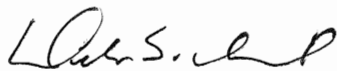

In January, 2015, the Higher Learning Commission announced the District had received reaffirmation of accreditation through the Academic Quality Improvement Program (AQIP). Reaffirmation of accreditation involves a focused visit from an accreditation team, the completion of an institutional Systems Portfolio and several action projects, and several other compliance reports and activities. The District's next reaffirmation of accreditation will be during the 2012-23 academic year.

Independent audit. State statutes require an annual audit by independent certified public accountants. The accounting firm of Crowe Horwath LLP was selected by the District's Board of Trustees. The auditor's report on the financial statements and schedules is unmodified and is included in the financial section of this report.

Acknowledgments. We wish to thank the members of the Board of Trustees for their interest and support in conducting the financial operations of the District to the degree of excellence necessary for continuance of operation of the District in a responsible manner.

The timely preparation of the comprehensive annual financial report was made possible by the continued dedicated service of Joliet Junior College's Financial Services staff.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of Joliet Junior College – Community College District No. 525 (the “District”), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Joliet Junior College Foundation and subsidiaries (the “Foundation”), which represents the District’s entire discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the discretely presented component unit of the District, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

In June 2012 the GASB issued GASB Statement No. 68, "Accounting and Financial Reporting for Pensions." Also, in November 2013 the GASB issued GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date." As discussed in Note 7, Statements 68 and 71 are effective for the College's fiscal year ending June 30, 2015. These Statements replace the requirements of Statement No. 27, "Accounting for Pensions by State and Local Governmental Employers" and Statement No. 50, "Pension Disclosures." Statements 68 and 71 establish standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenses as well as identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service. Note disclosures and required supplementary information requirements about pensions are also addressed. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of District's Proportionate Share of Net Pension Liability and the Schedule of District's Contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

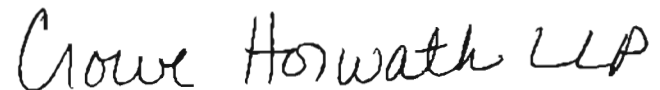

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory Section, Statistical Section, Uniform Financial Statements, Certification of Chargeback Reimbursement, and Supplementary Information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Uniform Financial Statements are required by the Illinois Community College Board and are presented on the modified accrual basis of accounting.

The Uniform Financial Statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, and the procedures performed as described above, the Uniform Financial Statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory Section, Statistical Section, Certification of Chargeback Reimbursement and Supplementary Information have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2015

This section of Joliet Junior College Community College District No. 525's annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2015. Please read it in conjunction with the transmittal letter found in the introductory section and the District's financial statements.

The management's discussion and analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued June 1999 and Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, issued in November 1999.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of two parts: management's discussion and analysis (this section) and the basic financial statements.

The basic financial statements also include notes that explain some of the information in the statements and provide more detailed data. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Figure A-1

COMMUNITY COLLEGE DISTRICT NO. 525
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2015

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of revenues, expenses and changes in net position regardless of when cash is received or paid.

The statements report the District's net position and how they have changed. Net position – the difference between the District's assets and liabilities – is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, additional non-financial factors such as changes in the District's property tax base and the condition of college buildings and other facilities are considered.

FINANCIAL HIGHLIGHTS

The financial highlights of the District are as follows:

- The District's financial status continues to be strong despite economic conditions. Net position increased 5.4% over the course of the year and new construction in the District increased property tax revenue by 4.4% in fiscal 2015.
- Overall revenues were \$146.3 million, \$6.7 million more than expenses.
- Total costs increased by approximately 1.8% because of budgeted increases in personnel line items, benefit costs, the on-behalf pension contribution from the State of Illinois, depreciation and interest expenses.
- Net tuition revenue increased by 5.2% due to a decrease in scholarships and tuition allowances and a 3.6% increase in the tuition and fee rate that was offset by a decrease in in credit hours.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position: Changes in net position over time serve as a useful indicator of a government's financial position. The District's combined net position increased 5.4% percent to \$129.9 million during fiscal 2015. (See Figure A-3). Net invested in capital assets totaled \$43.1 million. This reflects the District's investment in capital assets (land, buildings, furniture and equipment), less related debt outstanding that was issued to acquire those items and any unspent proceeds. The District uses these capital assets to provide services to residents of the District; consequently, these assets are not available for future spending. Restricted net position represents resources that are subject to restriction on how they may be spent. Restricted net position totaled \$43.1 million and is committed for debt service, capital projects and specific instructional programs. The remaining balance of \$43.7 million represents unrestricted net position and is available for spending at the District's discretion.

Total net position	\$ 129.9	\$ 123.2	\$ 6.7	5.4%

The District's financial position increase is primarily due to keeping expenses under budget.

Changes in net position: The District's total revenues were \$146.3 million. (See Figure A-4.) Real estate taxes account for the largest share of the District's revenue, contributing approximately 37.3% of every dollar raised, (See Figure A-5.). 34.9% came from state and federal sources, 19.3% came from net tuition and fees and the remainder from sales and service fees and miscellaneous sources.

The total cost of all programs and services was \$139.6 million. The District's program-related expenses are predominantly instructional cost, academic support, student services, and public services which were \$63 million or 45.1% of total expenses. Operation and maintenance of the District's facility were \$12 million or 8.6% of total expenditures. Independent operations represent auxiliary operations, such as the bookstore and foodservice, which were \$8.5 million or 6.1% of total expenses, which by their nature are to be self-supporting. The District's administrative/business activities, including institutional support, accounted for \$36.6 million or 26.2% of total expenses.

Figure A-5 Revenue for Fiscal Year 2015

Operating revenues, which consist of tuition, sales and service fees, and miscellaneous charges to students, increased \$.7 million or 1.9%. Net tuition and fee revenue increased \$1.4 million or 5.2% due to a \$4 per credit hour increase in the tuition and fee rates charged to students that was partially offset by a decrease in enrollment and a decrease in scholarships and tuition allowances. Sales and service fees decreased slightly due to a decline in enrollment. Non-operating revenues, which consist of property taxes, state and federal sources, and other miscellaneous revenues decreased \$.8 million or .7%. Property tax revenues increased 4.4% from new construction in the District's despite an overall reduction to the equalized assessed valuation. The District's boundaries are predominantly in Will County, which is one of the fastest growing counties in the State of Illinois. State and federal sources of revenue decreased \$2.4 million or 4.5% due to a \$4.0 million decrease in construction related grants from the State of Illinois and a \$1.5 million decrease in student financial aid from the Department of Education and State of Illinois that was offset by a \$3.1 million increase in the pension contribution the state of Illinois makes on-behalf of the District. Other revenues, which are comprised of investment earnings, corporate personal property taxes and capital contributions decreased by \$.7 million or 18.9% due to lower investment earnings from the bond proceeds which are to be used on master plan construction.

Figure A-6 Expenses for Fiscal Year 2015

Instruction expenses was unchanged as budgeted increases in salary and benefit expenses was offset by lower enrollment. Academic support expenses increased 8.6% due to budgeted increases for additional staff to support student success initiatives along with budgeted increases in salary and benefits. Student services decreased 4.5% as a result of a reduction in student financial aid passed through the District to the students offset by budgeted salary and benefit increases. Operations and maintenance of plant decreased .8% because of less repair and maintenance projects this year. Independent operations decreased 7.6% due to lower enrollment. General administration expenses increased 8.3% due to operational performance consulting projects and budgeted salary and benefit increases. Institutional support increased 7.5% as a result of an increase in the pension contribution the state of Illinois makes on-behalf of the District. Depreciation increased 3.8% due to an increase in depreciable assets. Interest expense increased 1.8% because of the issuance of \$58.8 in general obligation bonds in 2014.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: By the end of 2015, the District has invested \$189.1 million in a broad range of capital assets, including three campuses and three centers, computer and audio-visual equipment, and furniture and equipment. (See Figure A-7.) (More detailed information about capital assets can be found in Note 3 to the financial statements.) Total depreciation expense for the year was net \$7.9 million, while building improvements and additions to equipment and furniture amounted to \$7 million.

FACTORS BEARING ON THE DISTRICT'S FUTURE

The District's management believes it will continue its strong financial position into the future. Standard & Poor's upgraded the District's credit rating to AA from AA- in 2008 and affirmed the rating in 2009, 2012 and 2013. Moody's Investors Service gave a credit rating of Aa1 to the District in 2013. Compensation and benefits comprise the largest portion of the District's expenses. There are seven bargaining units representing employees of the District, which expire at various times through fiscal year 2015. As long as property tax and tuition revenue increases stay in line with salary increases and there is not a large reduction in state funding, the District projects balanced budgets for the foreseeable future.

COMPONENT UNITS

The District had two component units. The Joliet Junior College Assistance Corporation which dissolved during Fiscal Year 2015 was a blended component unit of the District. The Component Unit's sole function was to issue tax-exempt bonds for the construction of the Romeoville Campus facility. Complete financial statements can be obtained from the Office of the Vice President of Administrative Services, 1215 Houbolt Road, Joliet, Illinois 60431. The District's second component unit is the Joliet Junior College Foundation and Subsidiary, which is a discretely presented component unit because its resources directly benefit the District and its students even though it has a board of directors that are independent of the District. Complete financial statements can be obtained from the Joliet Junior College Foundation, 1215 Houbolt Road, Joliet, Illinois 60431.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Office of the Vice President of Administrative Services, 1215 Houbolt Road, Joliet, Illinois 60431.

JOLIET JUNIOR COLLEGE
COMMUNITY COLLEGE DISTRICT NO. 525
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2015

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Joliet Junior College (the District) is subject to the authority of the Illinois Community College Board under the Illinois Board of Higher Education. Initially created in 1901, Joliet Junior College is the nation's oldest post-graduate high school program. In 1967, the voters of 12 high school districts in Will, Grundy, Kendall, and portions of LaSalle and Kankakee counties approved the establishment of Community College District No. 525, the nation's first public community college. Joliet Junior College is governed by a seven member Board of Trustees who are elected to six-year staggered terms through district-wide voting. The Board has three officers (chairman, vice chairman, and secretary) elected on a bi-annual basis.

Financial Reporting Entity: Accounting principles generally accepted in the United States of America require that the financial statements of the reporting entity include: (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. These financial statements present Joliet Junior College (the primary government) and its component units. The component units discussed below are included in the District's reporting entity because of their operational significance or financial relationships with the District based on criteria provided in Government Accounting Standards Board Statement No. 61.

Blended Component Unit: The Joliet Junior College Assistance Corporation (JJCAC), which was a separate not-for-profit entity during Fiscal Year 2015, has been included in the basic financial statements since JJCAC's sole function was to issue tax-exempt bonds for the construction of the Romeoville campus facility. However, the entity was dissolved during the year as its purpose was fulfilled. Complete financial statements of JJCAC can be obtained from:

Joliet Junior College Assistance Corporation
c/o Vice President of Administrative Services
1215 Houbolt Road
Joliet, Illinois 60431

Discretely Presented Component Unit: The Joliet Junior College Foundation and Subsidiary (Foundation), which is a separate not-for-profit entity, is a discretely presented component unit of the District. The Foundation is governed by a board of directors that is independent of the District; however, the Foundation's resources directly benefit the District and its students. The District is also entitled to the resources of the Foundation. The Foundation is the sole member of a limited liability company that benefits the College. Foundation Housing, LLC has been consolidated in the Foundation's financial statements. Foundation Housing was created specifically for the purpose of owning and managing a 284-bed student housing facility adjacent to the campus of Joliet Junior College. Complete financial statements of the Foundation can be obtained from:

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Measurement Focus, Basis of Accounting, and Basis of Presentation: The District is a special-purpose government engaged only in business-type activities. Therefore, the District's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Cash and Cash Equivalents: For purposes of reporting cash flows, all highly liquid investments with a maturity of twelve months or less when purchased are considered to be cash equivalents.

Investments: Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income.

Receivables: All receivables are expected to be received within one year.

Inventories: Inventories are valued at the lower of cost or market, on a first-in, first-out basis. Inventories consist primarily of supplies and items held for resale by the bookstore. The cost is recorded as an expense at the time individual inventory items are utilized or sold.

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are accounted for under the purchases method.

Noncurrent Restricted Cash and Cash Equivalents and Restricted Investments: Noncurrent restricted assets include (a) cash and claims to cash that are restricted as to withdrawal or use for other than current operations, (b) resources that are designated for expenditure in the acquisition or construction of noncurrent assets, or (c) resources that are segregated for the liquidation of long-term debts.

Capital Assets: Capital assets include buildings, property, equipment and infrastructure assets, such as roads. Capital assets are defined by the District as assets with an initial unit cost of \$2,500 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). Donated capital assets are recorded at their estimated fair value at the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Interest incurred during the construction of capital assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period. Straight-line depreciation is used based on the following estimated useful lives:

Buildings and improvements	15 – 50 years
Furniture and equipment	5 – 10 years
Improvements other than buildings	20 years

Compensated Absences: Vacation leave can be accumulated up to 240 hours. Sick leave does not vest and is accumulated at a rate of twenty (20) days per year, with a maximum of 420 days. All vacation leave which is earned during the year is reported as an expense and as a liability.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System (SURS or the System) and additions to/deductions from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

Unearned Revenue: Unearned tuition revenue represents that portion of tuition and other fees received before June 30, 2015, but applicable to sessions occurring after June 30, 2015. Unearned government claims and grants represent monies received before all eligibility requirements imposed by the provider have been met.

Property Taxes: Property taxes are levied each year on the basis of the equalized assessed property values in the District as of January 1 of that year. Assessed values are established by each of the respective counties. Property taxes are billed and collected by the various counties included within the District's boundaries. These taxes are assessed in December and become an enforceable lien on the property as of the preceding January 1. A reduction for collection losses, based on historical collection experience, has been provided to reduce the taxes receivable to the estimated amount to be collected.

Property taxes are recognized as revenue on the accrual basis of accounting. The property tax levy passed in December 2014 was recognized as a receivable and revenue for the year ended June 30, 2015.

Long-Term Obligations: Long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are amortized over the life of the applicable bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed at the time of issuance.

Net Position: Net positions are classified as follows:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets, less any unspent debt proceeds.

Restricted Net Position – Consists of net position that has constraints placed on their use either by 1) external groups such as creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Unrestricted Net Position – All other net positions that do not meet the definition of “restricted” or “net invested in capital assets.”

When both restricted and unrestricted resources are available for use, the District uses restricted resources first and then unrestricted resources as they are needed.

Classification of Revenues and Expenses: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees and (2) sales and service fees. Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as local property taxes, state appropriations, most federal, state and local grants and interest.

Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Expenses not meeting this definition are reported as nonoperating expenses.

Use of Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Comparative Data: Comparative data has not been presented in the statements since their inclusion would make the statements unduly complex and difficult to read.

NOTE 2 - CASH AND INVESTMENTS

The District has adopted an investment policy that follows the State statute for allowable investments. That policy limits investments to securities issued to the United States of America and its agencies, interest bearing accounts of any bank as defined by the Illinois Banking Act, collateralized repurchase agreements which conform with paragraph 2(g) and 2(h) of the Public Funds Investment Act of the State of Illinois, Municipal Bonds rated at the time of purchase within the four highest general classifications established by a nationally recognized rating service, and the following investment pools: Illinois School District Liquid Asset Fund, Illinois Funds and Illinois Institutional Investors Trust Fund. Investment products that are considered as derivatives are excluded from approved investments.

The Illinois Funds and Illinois School District Liquid Asset Funds are shown as maturing in less than one year because the weighted average maturities of the pool's investments are less than one year.

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for interest bearing accounts and noninterest bearing accounts. With the exception of the District's investment in municipal bonds, all deposits in excess of \$250,000 were covered by collateral held by the District's agent in the District's name as of June 30, 2015.

NOTE 2 - CASH AND INVESTMENTS (Continued)

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, which is the price the investment could be sold for.

Illinois School District Liquid Asset Fund Plus is a not-for-profit investment trust fund formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. Illinois School District Liquid Asset Fund Plus is not registered with the SEC as an investment company. Investments in Illinois School District Liquid Asset Fund Plus are valued at Illinois School District Liquid Asset Fund Plus' share price, which is the price the investment could be sold for.

Custodial Credit Risk: This is the risk that in the event of a financial institution failure, the District's deposits may not be returned to it. The District's policy for investments and deposits requires collateralization on all investments except U.S. Government securities, the approved investment pools and time deposits at in-district financial institutions that are no more than 50% of the capital stock and surplus of that institution. The State and Municipal Bonds are insured or registered or are held by the District or its agent in the District's name. All collateral exposed to custodial risk is held by the District's agent in the District's name.

Concentration of Credit Risk: The District holds 17.9% of investments in State of Illinois Municipal Bonds.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's policy on investments is to structure the portfolio in a manner as to provide sufficient liquidity to pay obligations as they come due.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The District's investment policy minimizes credit risk by limiting investments to the safest type of securities and diversifying the investment portfolio.

As of June 30, 2015, the District's investments were rated as follows:

Investment Type	Type	Standard & Poor's
Illinois Funds	Investment Pool	AAAm
Illinois School District Liquid Asset Fund	Investment Pool	AAAm
State of Illinois Bonds	Municipal Bonds	A-

NOTE 4 - RELATED PARTY TRANSACTIONS

The District entered into an agreement with Foundation Housing, LLC, a subsidiary of the Foundation whereby the District sold 15.048 acres of land to construct the student housing facility. As consideration for the land, Foundation Housing, LLC has agreed to pay the District \$1,075,932 and interest at 6% per annum. As of June 30, 2015, the balance owed to the District is \$1,140,488 including capitalized interest of \$64,556. The principal and interest shall be payable solely from net cash flows, if any, that exceed 120% of the debt service for the preceding year. The payments are to be made in 30 annual installments of \$78,165 beginning on October 1, 2003. Net cash flow is defined as the excess, if any, of gross revenues less annual expenses. Because the payments are to be made solely from excess cash flow, the District has set up an allowance in the amount of \$1,104,988 which represents the amount in excess of the \$35,500 cost of the land. However, Foundation Housing, LLC has recorded a payable to the District of \$1,140,488, which has annual debt service requirements as follows:

NOTE 5 - LONG-TERM OBLIGATIONS (Continued)

The outstanding debt consists of:

A general obligation bond (alternate revenue source) issue dated November 12, 2008, for the support of the Master Plan, provides for the retirement of principal of \$2,645,000 in 2016, \$2,790,000 in 2017, \$2,940,000 in 2018, \$3,105,000 in 2019, \$4,210,000 in 2020, \$4,470,000 in 2021, \$4,750,000 in 2022, \$5,045,000 in 2023, \$6,335,000 in 2024, \$6,735,000 in 2025, \$7,610,000 in 2026, \$7,760,000 in 2027, and \$8,205,000 in 2028. Interest is payable on December 1 and June 1 at 4.25% to 6.25%. The original amount of the note was \$70,000,000. The District has pledged the education tuition account revenue for the repayment of these bonds. These bonds received an "AA" rating from Standard & Poor's. \$ 66,600,000

A general obligation bond issue dated July 31, 2009, for the support of the Master Plan, provides for the retirement of principal of \$2,495,000 in 2016, \$2,845,000 in 2017, \$3,225,000 in 2018, and \$3,650,000 in 2019, \$4,110,000 in 2020, \$4,610,000 in 2021, \$5,155,000 in 2022, \$5,745,000 in 2023, \$6,395,000 in 2024, \$7,095,000 in 2025, \$7,860,000 in 2026, \$8,685,000 in 2027, \$9,575,000 in 2028, and \$10,555,000 in 2029. Commencing in 2011, interest is payable on January 1 and June 30 at 4.30% to 7.0%. The original amount of the note was \$82,000,000. These bonds received an "AA" rating from Standard & Poor's. 82,000,000

A general obligation refunding bond (alternate revenue source) issue dated December 17, 2012, for the advance refunding of a portion of the Series 2008 bonds to gain overall savings for the college, provides for the retirement of principal of \$100,000 in years 2016 through 2024, \$1,920,000 in 2025, 2,080,000 in 2026, \$1,240,000 in 2027 and \$3,000,000 in 2028. Interest is payable on December 1 and June 1 at 2.00% to 4.00%. The escrow account established by this issue is invested in bond obligations of the State of Illinois. This escrow does not accomplish an in-substance defeasance of the refunded bonds. Therefore, the entire outstanding amount of the Series 2008 bonds is presented as an outstanding long-term obligation. The district has pledged tuition revenues for the repayment of these bonds. The original amount of the note was \$9,445,000. These bonds received an "AA" rating from Standard & Poor's. 9,140,000

A general obligation refunding bond (alternate revenue source), Series 2013A, issue dated September 27, 2013, for the advance refunding of a portion of the Series 2008 bonds to gain overall savings for the college, provides for the retirement of principal of \$2,340,000 in 2020, 2,570,000 in 2021, \$2,975,000 in 2022, \$2,905,000 in 2023 and \$3,325,000 in 2024. Commencing in 2014, interest is payable on December 1 and June 1 at 5.00%. The escrow account established by this issue invested in bond obligations of the State of Illinois. This escrow does not accomplish an in-substance defeasance of the refunded bonds. Therefore, the entire outstanding amount of the Series 2008 bonds is presented as an outstanding long-term obligation. The district has pledged tuition revenues for the repayment of these bonds. The original amount of the note was \$14,465,000. These bonds received an "AA" rating from Standard & Poor's, as well as an "Aa1" rating from Moody's Investors Service. 14,115,000

Pension Plan

The District implemented GASB Statements 68 and 71 as of July 1, 2014.

Plan Description: The District contributes to the State Universities Retirement System of Illinois, a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the State of Illinois (the State) makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40 of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided: A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed 6 months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2014 can be found in the System's comprehensive annual financial report (CAFR) Notes to the Financial Statements.

Contributions: The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from "trust, federal, and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2014 and 2015 respectively, was 11.91% and 11.71% of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15.139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of "affected annuitants" or specific return to work annuitants) and Section 15.155(g) (relating to Contributions payable due to earning increases exceeding 6% during the final rate of earnings period). There were no such liabilities for the District at year end.

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Net Pension Liability: At June 30, 2014, SURS reported a net pension liability (NPL) of \$21,790,983,139.

Employer Proportionate Share of Net Pension Liability: The amount of the proportionate share of the net pension liability to be recognized for the District is \$0. The proportionate share of the State's net pension liability associated with the District is \$287,509,206 or 1.3194%. The net pension liability was measured as of June 30, 2014, and the total pension used to calculate the net pension liability was determined based on the June 30, 2013 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported employee contributions made to SURS during fiscal year 2014.

Pension Expense: At June 30, 2014 SURS reported a collective net pension expense of \$1,650,338,263.

Employer Proportionate Share of Pension Expense: The employer proportionate share of collective pension expense is recognized as on-behalf payments as both revenue and matching expenditure in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported employee contributions made to SURS during fiscal year 2014. As a result, the District recognized on-behalf revenue and pension expense of \$21,774,485 for the fiscal year ended June 30, 2015.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: Deferred outflows of resources are the consumption of net position by the system that is applicable to future reporting periods.

Assumptions and Other Inputs

Actuarial assumptions: The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period June 30, 2006 – 2010 and an economic study completed June 2014. The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Salary increases	3.75 to 12.00 percent, including inflation
Investment rate of return	7.25 percent beginning with the actuarial valuation as of June 30, 2014

Mortality rates were based on the RP2000 Combined Mortality Table, projected with Scale AA to 2017, sex-distinct, with rates multiplied by 0.80 for males and 0.85 for females.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2014, these best estimates are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	31%	7.65%
Private Equity	6%	8.65%
Non-U.S. Equity	21%	7.85%
Global Equity	8%	7.90%
Fixed Income	19%	2.50%
Treasury-Inflation Protected Securities	4%	2.30%
Real Estate	6%	6.20%
REITS	4%	6.20%
Opportunity Fund	<u>1%</u>	<u>2.50%</u>
Total	100%	5.00%
Inflation		<u>2.75%</u>
Expected Geometrical Normal Return		7.75%

Discount Rate: A single discount rate of 7.090% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 7.250% and a municipal bond rate of 4.290% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the System's funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2065. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2065, and the municipal bond rate was applied to all benefit payments after that date.

Sensitivity of the System's Net Pension Liability to Changes in the Discount Rate: Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 7.09%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher:

1% Decrease 6.09%	Current Single Discount Rate Assumption 7.09%	1% Increase 8.09%
\$ 26,583,701,134	\$ 21,790,983,139	\$ 17,796,570,836

NOTE 8 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is self-insured for employee health insurance and workers' compensation.

All known claims and estimated claims incurred but not reported, which are based on historical cost information, have been accrued as a current liability as they are expected to be paid within one year. The District has also purchased stop/loss coverage. An analysis of claims activities consists of the following:

	<u>2015</u>	<u>2014</u>
Balance, July 1	\$ 2,155,311	\$ 2,033,136
Claims incurred	9,767,934	10,052,194
Claims paid	(10,278,386)	(9,930,019)
Balance, June 30	\$ 1,644,859	\$ 2,155,311

Stop loss coverage limits for the year ended June 30, 2015, were as follows:

<u>Type</u>	<u>Stop Loss Coverage Limits</u>	
	<u>Per Occurrence</u>	<u>Aggregate</u>
Workers' compensation	\$ 350,000	\$ 1,000,000
Medical	200,000	N/A

The District has purchased commercial insurance to cover its general liability and property coverages. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. No significant reductions in coverage occurred in the past year.

NOTE 9 - CONTINGENT LIABILITIES AND COMMITMENTS

At June 30, 2015, the District is committed under construction contracts of approximately \$3,107,000.

The District is a defendant in various lawsuits. Although the outcome of these proceedings is not presently determinable, in the opinion of the District's management through consultation of legal counsel, the resolution of these matters will not have a material adverse effect on the financial statements of the District.

The District has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenses disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

NOTE 10 - COMPONENT UNIT

The Foundation is a private, not-for-profit organization that reports its financial results under the *Financial Accounting Standards Board (FASB) Accounting Standards Codification®* (Codification) which is the source of authoritative generally accepted accounting principles (GAAP) recognized by the FASB. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. The financial statements of the Foundation have been reformatted to comply with the classification and display requirements in GASB Statement 34 on the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position. However, no modifications have been made to the Foundation's financial information in the District's financial reporting entity for revenue recognition or footnote disclosure differences.

Summary of Significant Accounting Policies

Principles of Consolidation: The consolidated financial statements include the Foundation's wholly owned subsidiary, Foundation Housing, LLC, a limited liability company. All significant intercompany transactions have been eliminated.

Fund Accounting: To ensure observance of limitations and restrictions placed on the use of resources available to the Foundation, the accounts of the Foundation are maintained in accordance with principles of "fund accounting." This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, the funds are combined and fund balances with similar characteristics are combined and reported.

Under the Codification, the Foundation reports its fund balances as net assets. Net assets is classified into one of three classes of net assets based on the existence or absence of donor-imposed restrictions. The following is a description of each class:

Unrestricted: Unrestricted net assets include all net assets, which are neither temporarily or permanently restricted.

Temporarily Restricted: Temporarily restricted net assets includes contributed net assets for which donor imposed time and purpose restrictions have not been met and the ultimate purpose of the contribution is not permanently restricted.

JOLIET JUNIOR COLLEGE
COMMUNITY COLLEGE DISTRICT NO. 525
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2015

NOTE 10 - COMPONENT UNIT (Continued)

Permanently Restricted: Permanently restricted net assets includes contributed net assets, which require by donor restriction that the corpus be invested in perpetuity and only the income be made available for program operations in accordance with donor restrictions.

Cash and Cash Equivalents: Cash and cash equivalents include checking accounts, savings accounts, and repurchase agreements with maturity dates of 90 days or less. Money market mutual funds are considered investments for financial reporting purposes.

Concentration of Credit Risk: The Foundation and Foundation Housing maintain cash balances in banks located in Joliet, Illinois. The balances for these accounts at times exceed \$250,000, the amount insured by the Federal Deposit Insurance Corporation (FDIC).

Investments: Investments are composed of publicly traded securities, which are carried at fair value and money market funds and certificates of deposits, which are carried at cost, but which approximates fair value.

The Foundation has ownership of certain cash and cash equivalents held by an outside investment manager for the benefit of the Foundation. Although these cash and cash equivalents are readily available, it is the intent of the Foundation to hold these cash and cash equivalents for investment purposes; and accordingly, these cash and cash equivalents are classified as investment assets in the consolidated financial statements.

Contributions: Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporary or permanently restricted net assets depending on the nature of the restriction.

Temporary restricted contributions received in the same year in which the restriction is met are recorded as temporarily restricted contributions and released from restriction.

Donated Property: Donated property is recorded at its fair value at the date of donation. If donors stipulate how long the assets must be used or held, the contributions are recorded as restricted support. In absence of such stipulations, contributions of property are recorded as unrestricted support.

Accounting Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Advertising: Advertising costs are expensed as incurred and included in operating costs. Advertising expense amounted to \$13,429 for the year ended June 30, 2015.

Endowment: The Foundation's endowment consists of many funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence of absence of donor-imposed restrictions.

NOTE 10 - COMPONENT UNIT (Continued)

The Board of Directors of the Foundation has interpreted state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the directions of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the purposes of the Foundation and the donor-restricted endowment fund.

The Foundation has authorized that the amount to be allocated to operations from the endowment fund be determined by applying a spending rate determined annually based on investment income. For fiscal 2015, the amount authorized was \$266,838. In addition, the Foundation authorized \$307,808 of market appreciation to be allocated to the restricted accounts, which is reflected in the temporarily restricted net realized and unrealized gain.

Functional Expenses - Allocation of Costs: Expenses are charged to each program based on direct expenditures incurred. Any program expenditures not directly chargeable to a specific program are charged to the programs, depending on the type of expense, and are based on full-time equivalents of personnel, hours of service by program area, or occupancy percentages.

Property and Equipment

Property and equipment are stated at cost, or, if it is contributed property, at its fair market value at the date of contribution. Property and Equipment with an initial cost of \$5,000 or more and an estimated useful life in excess of two years are capitalized. Buildings and improvements are depreciated over 30-50 years on a straight-line basis. All other assets are depreciated on a straight-line basis over their useful lives estimated from 5 to 10 years. A summary of changes in property and equipment for the year ended June 30, 2015 is as follows:

Debt

2002 Series Revenue Bonds: In May 2002, \$14,455,000 of Revenue Bonds were issued by the County of Will, Illinois and the proceeds loaned to Foundation Housing to provide permanent financing for the student housing facility. The bond offering consisted of \$13,985,000 Student Housing Revenue Bonds Series 2002A and \$470,000 Student Housing Revenue Bonds Taxable Series 2002B. The bonds were issued at a discount of \$401,906. The interest rate on the bonds varies from 6.375% to 7.75%. The bonds are secured by the student housing land and buildings and are payable from the revenues generated by the facility.

In 2003 and 2004 Foundation Housing used debt service reserves to meet debt service requirements. On March 1, 2005, as a result of certain actions of Bondholders and a firm representing the Bondholders, the Trustee for the 2002 Series Revenue Bonds did not make the March 1, 2005 interest payments, which resulted in an Event of Default. On June 15, 2005, Foundation Housing entered into a Forbearance Agreement with the Bondholders of the 2002 Series Revenue Bonds.

NOTE 10 - COMPONENT UNIT (Continued)

On June 15, 2008, the Forbearance Agreement terminated, and the 2002 Series Revenue Bonds were in an Event of Default. Under the bond trust indenture, the bonds became due immediately in the event of default. As of June 30, 2015, the balance of the 2002 Series Revenue Bonds is \$14,435,000.

As of June 30, 2015, total accrued interest for the 2002 Series Revenue Bonds is \$7,816,430.

Mortgage Payable: Foundation Housing entered into an agreement with the College to purchase 15.048 acres of land to construct the student housing facility. As consideration for the land, Foundation Housing has agreed to pay the College \$1,075,932 and interest at 6% per annum. At June 30, 2015, total debt of \$1,140,488 includes capitalized interest of \$64,556. The principal and interest shall be payable solely from net cash flows, if any, that exceed 120% of the debt service for the preceding year. The payments are to be made in 30 annual installments of \$78,165 beginning on October 1, 2003. Net cash flow is defined as the excess, if any, of gross revenues less annual expenses. No payments have been made as of June 30, 2015.

Current maturities on the mortgage payable for the next five years ending June 30 and thereafter are as follows:

Year ended June 30,	Interest	Principal	Total
2016	\$ 58,575	\$ 248,386	\$ 306,961
2017	57,399	20,766	78,165

Total	\$ 801,523	\$ 1,140,488	\$ 1,942,011

Total accrued interest for the mortgage payable is \$817,671 at June 30, 2015.

Income Taxes

The Foundation is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation.

Income taxes or credits resulting from earnings or losses that are payable by the Foundation's subsidiary are not included in the accompanying financial statements. It is the intent of the Foundation and its wholly owned subsidiary, Foundation Housing, LLC to avoid any action that would jeopardize the tax status of the Foundation.

Tax returns filed by the Foundation are subject to examination by the Internal Revenue Service for up to three years from the extended due date of each return. Tax returns filed by the Foundation are no longer subject to examination for the fiscal years ended June 30, 2011 and prior.

Related Parties

The College provides personnel and general operating costs of the Foundation. The College paid \$384,172 for salary, benefits, and operating costs for the year ended June 30, 2015.

As explained in the mortgage payable note, Foundation Housing has a mortgage payable to the College with a balance of \$1,140,488 at June 30, 2015.

Commitments and Contingencies

Effective June 1, 2010, Foundation Housing entered into a property management agreement with UCH Illinois Group, LLC. Effective December 2012, UCH Illinois Group merged with Campus Evolution Villages, LLC which continued to manage the property. The property management fee is \$6,500 per month through June 30, 2015. Effective July 1, 2015 the monthly management fee will increase to \$7,000 per month if rental revenues exceed \$1,200,000 for the previous year. The contract terminates June 30, 2017. Payment of management fees is the responsibility of Foundation Housing and is without recourse to the Foundation.

NOTE 11 - PRONOUNCEMENTS ISSUED BUT NOT YET ADOPTED

In February 2015, the GASB issued Statement 72, *Fair Value Measurement and Application*. The objective of this Statement is to address accounting and financial reporting issues related to fair value measurements and provide guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This Statement is effective for the District's fiscal year ended June 30, 2016. This statement will require a change to the District's cash and investment footnote.

In June 2015, the GASB issued Statement 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. This Statement establishes requirements for those pensions and pension plans that are not administered through a trust not covered by Statements 67 and 68. This Statement is effective for the District's fiscal year ended June 30, 2016. This statement will have no effect on the College.

NOTE 11 - PRONOUNCEMENTS ISSUED BUT NOT YET ADOPTED (Continued)

In June 2015, the GASB issued Statement 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. Statement 74 addresses the financial reports of defined benefit OPEB plans that are administered through trusts that meet specified criteria. The Statement follows the framework for financial reporting of defined benefit OPEB plans in Statement 45 by requiring a statement of fiduciary net position and a statement of changes in fiduciary net position. The Statement requires more extensive note disclosures and RSI related to the measurement of the OPEB liabilities for which assets have been accumulated, including information about the annual money-weighted rates of return on plan investments. Statement 74 also sets forth note disclosure requirements for defined contribution OPEB plans. This Statement is effective for the District's fiscal year ended June 30, 2017. This Statement will not have an effect on the financial statements of the District as the OPEB plan does not currently issue separate statements.

In June 2015, the GASB issued Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This Statement replaces the requirements of Statement 45 and requires governments to report a liability on the face of the financial statements for the OPEB that they provide. Statement 75 requires governments in all types of OPEB plans to present more extensive note disclosures and required supplementary information (RSI) about their OPEB liabilities. Among the new note disclosures is a description of the effect on the reported OPEB liability of using a discount rate and a healthcare cost trend rate that are one percentage point higher and one percentage point lower than assumed by the government. The new RSI includes a schedule showing the causes of increases and decreases in the OPEB liability and a schedule comparing a government's actual OPEB contributions to its contribution requirements. This Statement is effective for the District's fiscal year ended June 30, 2018. This Statement will have an effect on the District and the OPEB liability will be added to the Statement of Net Position.

In August 2015, the GASB issued Statement 77, *Tax Abatement Disclosures*. This Statement is intended to improve financial reporting by requiring disclosure of tax abatement information about a reporting government's own tax abatement agreements and those that are entered into by other governments and that reduce the reporting government's tax revenues. This Statement is effective for the District's fiscal year ended June 30, 2017. Management has not determined what impact, if any, this statement will have on its financial statements.

NOTES TO UNIFORM FINANCIAL STATEMENTS
June 30, 2015

NOTE 1 – GENERAL

The uniform financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The uniform financial statements are required by the Illinois Community College Board and are presented on the regulatory basis of accounting as permitted by the Illinois Community College Board which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

NOTE 2 – BASIS OF ACCOUNTING

The Illinois Community College Board (ICCB) uniform financial statements have been prepared on the modified accrual basis of accounting except for revenue which is recognized on the full accrual basis of accounting in accordance with the accounting practices prescribed or permitted by the ICCB.

The Fiscal Year 2016 Certificate of Chargeback Reimbursement Form was unable to be completed by the October 15, 2015 audit due date because line 17 of the form (the FY 2016 average grant rate based on FY 2016 ICCB grants) was unavailable since the State of Illinois budget had not yet been approved by the General Assembly and the Governor of the State of Illinois. This page will be issued at a later date as an addendum/replacement page once all information is available to complete the FY 2016 Chargeback Form.

**INDEPENDENT ACCOUNTANT'S REPORT ON THE SCHEDULE OF ENROLLMENT DATA AND
OTHERS BASED UPON WHICH CLAIMS ARE FILED**

To the Board of Trustees
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

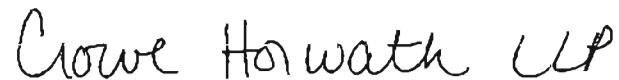

We have examined the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed, of Joliet Junior College – Community College District No. 525 (the "District") for the year ended June 30, 2015. The Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed is the responsibility of the District's management. Our responsibility is to express an opinion on the schedule based upon our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual*, and accordingly, included examining, on a test basis, evidence supporting the Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed, in all material respects, is fairly presented in accordance with the provisions of the aforementioned guidelines for the year ended June 30, 2015.

The supplementary information on pages 87 and 88 has not been subjected to the examination procedures applied in the examination of the Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed, and accordingly, we express no opinion on them.

This report is intended solely for the information and use of the board of trustees, management, and the Illinois Community College Board and is not intended to be and should not be used by anyone other than these specified parties.

JOLIET JUNIOR COLLEGE
COMMUNITY COLLEGE DISTRICT NO. 525
RESIDENCY POLICY (UNAUDITED)
June 30, 2015

RESIDENCY

A person shall be considered a resident of Joliet Junior College District 525 who has resided in Illinois Community College District 525 for at least 30 days prior to the beginning of the term.

Tuition paid by a student attending Joliet Junior College is determined by the student's legal and permanent place of residence. An in-district resident is a person whose residence is within Joliet Junior College District 525 or one whose intent is to establish permanent residence in District 525. Residence is defined as the place where the student lives and is considered the student's permanent home. The residence must be owned or occupied for a minimum of thirty days prior to the beginning of the term.

Determination of residence status is made during the processing of a student's Application for Admission and is subject to further review and/or revision by the Dean of Admissions and Financial Aid or designated staff. Factors used in residency determination may include current address, length of time at that address, high school attended, and date of graduation. The applicant is responsible for furnishing information, evidence, or documents deemed necessary to accurately determine residency within 10 business days prior to the beginning of the term.

Evidence of legal residency shall be based on ownership and/or occupancy of a home or residence in the district (shown by a deed, lease, or formal rent receipt with lessor's name indicated) and one of the following showing the same address:

1. A current Illinois driver's license or Illinois state identification card
2. A current Illinois automobile license registration
3. A current Illinois voter's registration card
4. Employment in the state of Illinois (for out-of-state residents)
5. Payment of Illinois income taxes (for out-of-state residents)
6. A document showing the student's past or existing status as a district student; e.g. a high school transcript
7. A utility bill in the name of the student
8. A proof of automobile insurance
9. A proof of homeowner's insurance
10. A current credit card billing statement
11. A current bank statement
12. A change of address form from the Post Office

Each of these proofs must show an in-district address. A post office box number for an address will not serve to prove residency. Renters must submit either a rent receipt or lease signed by the owner/manager (dated at least 30 days prior to the beginning of the term). The student must complete the Residency Status Change Request form and submit both proofs of residency to the Joliet Junior College Admissions Office (J-1005) within 10 business days of the beginning of the term.

Out-of-state applicants who fail to submit the required proofs by the stated deadline will be charged out-of-state tuition. Students who demonstrate to 30-day, in-state, but not in-district residency, will be charged Illinois out-of-district tuition. Should a student prove in-district residency and move from that address without providing a forwarding address, Joliet Junior College will have their address returned to the original address from the application and in-district status will be reviewed.

Employment in the District: Persons who are not residents of District 525 but who are employed full-time (35 hours per week) in the district are eligible for in-district tuition and fees. To qualify, a letter must be on file in the Admission's office each semester prior to the student's registration. This letter must be written on company stationery and must be signed by either the owner/manager or the director of human resources.

INDEPENDENT AUDITOR'S REPORT ON STATE GRANT PROGRAM FINANCIAL STATEMENTS

To the Board of Trustees
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Joliet Junior College – Community College District No. 525 (the “District”), State Adult Education Grant (State Basic, Public Assistance, and Performance), and Career and Technical Education – Program Improvement Grant (“Grant Programs”), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Grant Program's financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the District's State Adult Education Grant (State Basic, Public Assistance, and Performance), and Career and Technical Education – Program Improvement Grant, as of June 30, 2015, and the respective revenues, expenditures and changes in program balances for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As stated in Note 2, the financial statements present only the District's Grant Programs and do not purport to, and do not, present fairly the financial position of the District, as of June 30, 2015, and the changes in its program balances for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

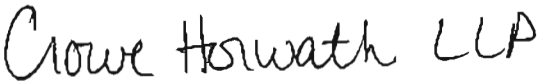

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Grant Programs' financial statements. The ICCB Compliance Statement as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The ICCB Compliance Statement is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the ICCB Compliance Statement is fairly stated, in all material respects, in relation to the financial statements as a whole.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF GRANT PROGRAM
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

To the Board of Trustees
Joliet Junior College -
Community College District No. 525
Joliet, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the guidelines of the Illinois Community College Board *Fiscal Management Manual*, the financial statements of Joliet Junior College – Community College District No. 525 (the "District"), State Adult Education Grant (State Basic, Public Assistance, and Performance), and Career and Technical Education – Program Improvement Grant ("Grant Programs") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Grant Programs' financial statements, and have issued our report thereon dated October 6, 2015. The financial statements present only the District Grant Programs and do not purport to, and do not, present fairly the financial position of the District, as of June 30, 2015, and the changes in its program balance for the year then ended.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting ("internal control") of the Grant Programs to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control of the Grant Programs. Accordingly, we do not express an opinion on the effectiveness of the District's internal control of the Grant Programs.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Grant Program's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance of the Grant Programs and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control of the Grant Programs or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance of the Grant Programs. Accordingly, this communication is not suitable for any other purpose.

GRANT PROGRAMS
NOTES TO FINANCIAL STATEMENTS
June 30, 2015

NOTE 1 - DESCRIPTION OF PROGRAMS

The following grants were received from the Illinois Community College Board (ICCB) and are administered by Joliet Junior College, Community College District No. 525 (College).

State Adult Education: This grant is intended to assist adults to become literate, obtain the knowledge and skills necessary for employment and self-sufficiency, become full partners in the educational development of their children, and completion of secondary school education.

State Basic: Grant awarded to Adult Education providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school. This grant is for the purpose of providing adults in the community instruction as may be necessary to increase their qualifications for employment or other means of self-support and to increase their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and childcare facilities or provision.

Public Assistance: Grant awarded to Adult Education providers to pay for any fees, books, and materials incurred in the program for students who are identified as recipients of public assistance.

Performance: Grant awarded to Adult Education providers based on performance outcomes.

Career and Technical Education: This grant funding recognizes that keeping career and technical education programs current and reflective of the highest quality practices in the workplace is necessary to prepare students to be successful in their chosen careers and to provide employers with the well-trained workforce they require. The grant funds are dedicated to enhancing instruction and academic support activities to strengthen and improve career and technical programs and services.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General: The accompanying statements include only those transactions resulting from the State Adult Education and Career and Technical Education Grants (Grant Programs). These transactions have been accounted for in a Restricted Purpose Fund. These transactions do not represent the District as a whole.

Basis of Accounting: The financial statements of the Illinois Community College Board (ICCB) grant programs have been prepared on the modified accrual basis of accounting and in accordance with the accounting practices prescribed or permitted by the ICCB. Amounts are recognized as revenues as funds are expended. Expenditures include all liabilities for goods and services actually received as of June 30, 2015.

Encumbrances: Funds obligated for goods prior to June 30, 2015, for which goods are received subsequent to year-end but prior to August 31, 2015, are recorded as encumbrances. Encumbrances are reported as a reservation of fund balance for purposes of reporting since they do not constitute expenditures or liabilities.

Capital Assets: Capital asset purchases are recorded as capital outlay and not capitalized.

NOTE 3 - BALANCE SHEET

There are no year-end balances to report on the balance sheet for the Career and Technical Education grant program. Accordingly, no balance sheet is presented for this grant program.

Report on the Financial Statement

We have audited the statement of revenues, expenses, and changes in net position – actual and budget of the Illinois Board of Higher Education - Illinois Cooperative Work Study Program Grant – Joliet Junior College Cooperative Work Study Program (“IBHE”) Grant of Joliet Junior College, Community College District No. 525 (the “District”) for the period February 4, 2014 through June 30, 2015, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenses and changes in net position – actual and budget of the IBHE Grant of the District for the period February 4, 2014 through June 30, 2015, in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statement presents only the IBHE Grant for the purpose of complying with the IBHE grant and does not purport to, and does not present fairly the revenues, expenses and changes in net position – actual and budget of the District as a whole for the period February 4, 2014 through June 30, 2015 in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Restriction on Use

Our report is intended solely for the information and use of the Board of Trustees, management of the District, and IBHE and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance

We have audited the compliance of Joliet Junior College, Community College District No. 525 (the "District") with the types of compliance requirements described in the Illinois Board of Higher Education - Illinois Cooperative Work Study Program Grant – Joliet Junior College Cooperative Work Study Program ("IBHE") Grant agreement for the period February 4, 2014 through June 30, 2015.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to the IBHE Grant.

Auditor's Responsibility

Our responsibility is to express an opinion on the District's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the audit requirements of the IBHE Grant. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the IBHE Grant of the District occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the IBHE grant. However, our audit does not provide a legal determination on the District's compliance.

Opinion

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the IBHE Grant of the District for the period February 4, 2014 through June 30, 2015.

Restriction on Use

Our report is intended solely for the information and use of the Board of Trustees, management of the District, and the IBHE and is not intended to be and should not be used by anyone other than these specified parties.
