# 2

#### **TB Questionnaire**

You must complete and return this form if your TB test indicates a possible TB infection. If your TB test results are negative (no sign of infection) you may discard this form.

3

### **Hep B Waiver**

You must sign and return this form if you do not have titer results showing immunity to Hep B. If your Hep B titer results are negative (you are immune) you may discard this form.

### **Health Liability Waiver and Proof of Health Insurance**

You must sign and return the Health Liability Waiver.

4

You must provide a copy of the <u>front and back</u> of your health insurance card. **Your name** must be listed on the card as either the policyholder or a covered dependent.

If your name is not shown on the card, obtain a list of covered dependents from your insurance carrier and submit that along with the copy of your insurance card.

5

### **Latex Allergy Questionnaire**

Whether or not you are normally exposed to products containing latex, you must complete and return this form.

### **Influenza Vaccination Record**

6

You must submit proof that you have received the seasonal flu vaccination each year, usually after the 1st of September.

<u>To decline the vaccination</u>, you must provide a letter from your HCP – on office letterhead and signed by your HCP – stating the medical reasons for declination.

7

#### **COVID-19 Vaccination Record**

Federal regulation has removed the mandate for CoVid-19 vaccination(s) for hospital staff. JJC advises all students to continue to provide vaccination documentation unless advised to the contrary.

### **CPR CERTIFICATION**

BASIC LIFE SUPPORT

JJC and her affiliate clinical sites only accept the curriculum of the American Heart Association Basic Life Support (CPR and AED) Program.

#### **HEPATITIS B WAIVER**

#### (To be signed by student if Hep B titer is negative and does not confirm immunity)

I understand that due to my occupational exposure to bloodborne pathogens or other potentially infectious materials I may be at risk of acquiring the Hepatitis B virus (HBV) infection.

Prior to my assignment in a hospital or other healthcare agency, I have been asked to submit Hepatitis B Surface Antibody (AB) Index blood titer results, at my own expense, to determine my immunity to the Hepatitis B virus and have declined **OR** my blood titer results were non-reactive (not immune).

I understand that this Hep B Waiver must be signed if I have insufficient immunity based on my titer results or if I am in the process of or plan to obtain additional Hepatitis B vaccinations.

I hereby act for myself, my executors, administrators, heirs, next of kin, successors and assigns and waive, release, agree not to sue, and discharge from any and all liability Joliet Junior College, its governing board, employees and agents, successors and assigns for my death, disability, personal injury, illness or action of any kind which may hereafter accrue to me as a result of my exposure to the Hepatitis B virus infection.

#### **HEALTH LIABILITY WAIVER**

# All students must sign the Health Liability Waiver and provide proof of health insurance as detailed below.

I hereby state that I understand that any and all healthcare costs I incur while acting in a nursing student capacity will be my responsibility. Joliet Junior College is NOT responsible for any emergency care, screening, diagnostic, and/or treatment costs that may result from my contact with clients or from any other incident while acting in a student nurse role.
