Any reported crimes are classified in the Off-Campus category.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES:

Statement # 10 Covers Requirement Ch. 7(11)

(Please also refer to the section regarding Timely Warnings)

JJC has an (opt out) Emergency Notification System. Any employee or student contact information is automatically downloaded into the system which when activated has the ability to send out text, phone call, and e-mail messages, along with notifications on the college website and select social media platforms with the relevant emergency information. These include timely warnings, school closings, and other large-scale incidents that impact college operations, etc. Additionally, PA systems at Main, City Center and Romeoville campuses are utilized along with closed circuit TVs. To convey information regarding evacuation or sheltering information. At Morris and Weitendorf centers, the on duty CSO will make notifications as needed.

The need to issue messages related to a threat in progress is determined by the Chief of Police or designee and launched by Campus Police. In situations where there is time to evaluate the need and content of a message, members of the College's Emergency Response Team meet to confirm relevant public information. These generally include at a minimum, the President, Chief of Police, EHS Manager, Director of Facility Services and the Executive Director of Communications and Marketing. This group will evaluate the details of the incident, the degree of danger or threat posed to the public, what action to be taken and the appropriate communication to be sent out. The Executive Director of Communications and Marketing or designee is responsible for the activation of the Emergency Notification System.

Emergency evacuation maps and Emergency Response flip charts are posted in all classrooms and in many public areas. Semester Safety Bulletins are sent out to all faculty and staff asking that they review evacuation procedures and plans with their students each semester.

In the spring of each year a Tornado Drill is conducted at Main, Romeoville and City Center campuses and training is conducted at Morris and Weitendorf centers. A Fire Drill is conducted at each location in the same manner.

Systems Checks:

Emergency Notification System:	Checked by the Communications Department at least annually
PA System:	Checked monthly
Panic System:	Automatic Self Check weekly
Emergency Phones and AEDS:	Checked monthly
Thorguard Lightning System:	Automatic Self Check

Fire Extinguishers and Suppression Systems: Checked semi annually

TIMELY WARNINGS:

Statement # 11 Covers Requirement Ch. 7(a)

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Police or designee, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be issued at a minimum, through the following methods:

- College Wide Emergency Notification System which is tested several times per year
- JJC employee and student e-mails account
- JJC Web Site www.jjc.edu

Depending on the particular circumstances of the crime, especially in situations that could pose an immediate threat to the community and individuals, Campus Police may also issue the "timely warning" and related safety information via the Public Address System at the Main, Romeoville and City Center campuses. Weitenndorf, and Morris Education Centers are not equipped with PA systems, but notification of occupants will be conducted by the on duty Campus Police CSO.

CONFIDENTIAL REPORTING OF CRIMES (LIMITED):

Statement # 12 Covers Requirements Ch. 7(3)(d)

JJC does not specifically allow for confidential reporting of crimes, however, there are reporting methods that will minimize and in some cases eliminate the possibility that your information might become public. These crimes will be included in the annual disclosure of crime statistics, as applicable.

If you are the victim of a crime and do not want to pursue action through the criminal justice system, you may still want to consider one of the following reporting options:

1. Report to Campus Police or Dean of Students with the option of utilizing the Student Code of Conduct process. Code information is available at: <http://www.jjc.edu/student-resources/office-student-rights-responsibilities>
2. Report to Campus Police, Dean of Students or Student Wellness Advocates to make a report. In these cases, your report will remain confidential within the College system to the extent permitted by law. These reports will allow JJC to help insure your safety and the safety of other students or staff based on the information you provide. With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to particular locations, methods, or assailants, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

If you are the victim of a crime and wish to remain anonymous or you have information on a crime that occurred or may occur, you may utilize any of the following reporting options, including reporting by counselors as outlined in the next section. In all of these reporting options it is not necessary to provide your name to make a report.

3. Silent Witness Program available on the JJCPD Website at: <http://jjc.edu/about/operational/campus-police/Pages/silent-witness.aspx>
4. Will County Crime Stoppers [Crime Stoppers of Will County](#)
5. Maxient Incident Reporting Form on the Dean of Student's Web Site <https://publicdocs.maxient.com/incidentreport.php?JolietJuniorCollege>

Student Wellness Advocates have been notified through the Dean of the need to advise self-reporting students of their reporting options outside of the Student Wellness venue. This comprehensive plan is found in Board Policies 02.01.01 Prohibition on Sexual Discrimination, Harassment, and Interpersonal Misconduct (Non-Title IX Allegations) and Board Policy 2.01.19 Prohibition of Sexual Discrimination and Sexual Harassment (Title IX Allegations) and related college procedures, available at <http://www.jjc.edu/title-ix>

Joliet Junior College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the College community. This policy applies equally to all students and employees regardless of the sex, gender, sexual orientation, gender identity, or gender expression of any of the individuals involved. No officer, employee, or agent of an institution participating in any program under this title shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision of this policy.

Definitions:

For Title IX reports, definitions, as defined in 2.01.19, will be used in accordance with federal law. JJC will also support reports for the reported crimes below in accordance with state law. Title IX reports utilize the terms complainant (in place of victim) and respondent (in place of accused.)

Dating and Domestic Violence: Includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Illinois, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Illinois.

Stalking: Knowingly and without justification following or surveilling another on at least two separate occasions and threatening or placing in reasonable apprehension. Stalking occurs when a person knowingly engages in a course of conduct directed at a specific person and knows or should know that the conduct would cause a reasonable person to fear for one's own safety or the safety of another person, or suffer emotional distress, defined as "significant mental suffering, anxiety or alarm. Stalking in conjunction with causing bodily harm, confining or restraining a person or violating court order or injunction is also prohibited.

Sexual Assault: Physical sexual acts perpetuated against a person's will, without consent or where a person is incapable of giving consent (e.g. due to the person's age, use of drugs or alcohol, or because an intellectual or other disability prevents the person from having the capacity to give consent).

Sexual assault includes, but is not limited to, rape, sexual assault, sexual battery or sexual abuse including the touching of the sexual organs or breasts of another, the penetration of the mouth, vagina or anus however slight, with any object or organ.

Consent: Consent is defined by 720 ILCS 5/11-1.70(a,c) as "a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent. A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct."

Bystander Intervention and Risk Reduction: Strategies in incidents of Dating and Domestic Violence, Sexual Assault and Stalking, that do not put the individual at risk, are encouraged. Students and staff are encouraged to recognize signs of potential incidents and to take steps to diffuse or protect the victim. This could include staying with an at-risk intoxicated subject, having a group of students step in to speak to a potential offender etc. Free Bystander / Risk Reduction Training is available at the Holistic Wellness portal site at: <http://www.jjc.edu/campus-life/student-wellness>

SEX OFFENSES (PREVENTION AND RESPONSE):**Statement # 15 Cover Requirements Ch. 8(c)**

If you are a victim of a sexual assault at Joliet Junior College, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The Joliet Junior College Police Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. For information on preserving evidence, please see the [RAINN website](#) regarding what to do in the aftermath of a sexual assault.
