

## LOW EMISSIONS AND HYBRID VEHICLE PARKING PERMIT APPLICATION

To qualify, your vehicle must meet the LEED definition of a Low Emissions Vehicle, below:

“...vehicles that are either classified as Zero Emission Vehicles (ZEV) by the California Air Resources Board or have achieved a minimum green score of 45 on the American Council for an Energy Efficient Economy (ACEEE).”

### Step One:

- To verify if your vehicle qualifies, please visit: <https://greencars.org/>
- Search your vehicle’s Make, Model and year in the search menu to find it on the website.
- Your vehicle must have a minimum green score of **45** to qualify for an LEV Permit.

### Step Two:

- Please fill out the lower portion of this application completely. Errors or omissions may result in your application being denied or increase the processing time. Email to: [cprecords@jjc.edu](mailto:cprecords@jjc.edu) or deliver to Campus Police G1024.

### ACKNOWLEDGEMENT

- If approved, the permit decal must be permanently affixed to rear window towards the passenger side (not taped).
- If you have tinted rear windows, you must place the decal on the bottom passenger side of the front windshield.
- If approved, this decal is only valid on the approved vehicle. Permit only entitles the vehicle to park in spaces individually marked with an LEV sign. (Similar to how Handicap spaces work).
- Permit does not permit holder to park in other restricted parking such as faculty/staff, handicap or other restricted spaces without the proper permits for the spaces. Violations of Joliet Junior College parking regulations and/or state law may result in citations being issued. This permit is only valid at JJC Campuses.
