2. the date We approve the application.

The Effective Date is shown on the Schedule of Benefits.

Insured: Subject to receipt of premium, coverage is effective on the Effective Date shown on the Schedule of Benefits.

We have the right to terminate the coverage of any Insured who submits a fraudulent claim under the Policy.

SCOPE OF COVERAGE

Subject to the Eligibility, Effective Date, and Termination provisions, an Insured will be covered for Accidental Injury that occurs while insured as elected by the Policyholder and, if applicable, as elected on their enrollment form.

Subject to the definitions, limitations, exclusions, and other provisions of the Policy, We will pay benefits, as defined and limited below, for Covered Charges incurred by the Insured due to Injury.

Covered Charges are payable only for an Injury:

1. For which the first treatment or service is incurred within the Initial Treatment Period; and
2. For which expense for all treatment or service is incurred within the Benefit Period.

Covered Charges are shown on the Schedule of Benefits.

No Other Valid and Collectible Insurance or Plan

After the Deductible has been satisfied, We will pay the Insured Percent of incurred Covered Charges up to the Maximum Benefit Amount, Per Injury.

Other Valid and Collectible Insurance or Plan

After the Deductible has been satisfied, We will pay the Insured Percent of incurred Covered Charges which are in excess of the total benefits payable for the same Injury by any Other Valid and Collectible Insurance or Plan on a provision of service or on an expense incurred basis, up to the Maximum Benefit Amount, Per Injury. However, with respect to voluntary plans in which the premium is paid by the parents, guardian, or Insured, benefits for the first \$100 of covered Charges will be paid without regard to Other Valid and Collectible Insurance or Plan.

If Other Valid and Collectible Insurance or Plan provides benefits on an excess coverage basis, Our plan will pay first, if it has been in effect for the longer period of time at the date of such Injury.

For purposes of this Policy, the Insured's entitlement to Other Valid and Collectible Insurance or Plan will be determined as if this Policy did not exist and shall not depend upon whether timely application for benefits from Other Valid and Collectible Insurance or Plan is made by or on behalf of the Insured.

Primary Benefit Amount: If a Primary Benefit Amount is shown in the Schedule of Benefits, We will pay the Covered Charges incurred for an Injury up to the Primary Benefit Amount. With respect to voluntary plans in which the premium is paid by the parents, guardian, or Insured, the Primary Benefit Amount will not be less than \$100.00. Such Covered Charges will be paid according to the terms of the Policy. Thereafter, subsequent claims received for the same Injury which are in excess of the Primary Benefit Amount, will be subject to the excess Provision.

OUT-OF-NETWORK OPTION

When Other Valid and Collectible Insurance or Plan denies benefits and requires the Insured to use an authorized medical vendor despite the Policyholder's attempts to have the Other Valid and Collectible Insurance or Plan approve an out-of-network vendor, We will pay expense incurred up to a Maximum Benefit Amount, Per Injury of \$24,000.00.

In no event will coverage become effective prior to the date of enrollment and receipt of the required premium at Our home office, or by Our agent.

Returned or Dishonored Payment:

If a check in payment for the Premium is dishonored for insufficient funds, a reasonable service charge may be charged to You which will not exceed the maximum specified under state law. A dishonored check shall be considered a failure to pay Premium and coverage shall not take effect.

Change to Premium:

We may change the required premium at any time when any change affecting the rates is made to the Policy. Such change in the Policy will not take effect until any additional required premium is received by Us, except as otherwise agreed to in writing by Policyholder and Us.

Claim Forms:

Upon receipt of written notice of claim, We will furnish to the claimant such forms as are usually furnished by Us for filing Proofs of Loss. If such forms are not furnished within 15 days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of this Policy as to Proof of Loss upon submitting, within the time fixed in this Policy for filing Proof of Loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

Proof of Loss:

Written proof of loss for Hospital confinement must be given to Us or Our authorized representative within 60 days after release from the Hospital. Proof of any other covered loss must be given to Us or Our authorized representative not later than 90 days after the covered loss. If proof of loss is not given within the 60- or 90-day timeframe, the claim will not be denied or reduced for that reason if that proof was given as soon as reasonably possible.

Time of Payment of Claims:

Benefits will be paid as soon as We receive proper proof of loss unless this Policy provides for periodic payment. When this Policy provides for periodic payment, the benefits will accrue and will be paid monthly subject to proper proof of loss.

Payment of Claims:

Benefits payable under this Policy for loss of life will be paid to the Insured's next of kin and the provisions respecting such payment set out herein and effective at the time of payment. Any other payable benefits remaining unpaid at the time of the Insured's death may, at Our option, be paid to the Insured's next of kin or to the Insured's estate. All other benefits will be payable to the medical services provider.

If any indemnity of this Policy shall be payable to the estate of the Insured or to an Insured who is a minor or otherwise not competent to give a valid release, the Company may pay such indemnity to his parent, guardian or other person actually supporting him. Any payment made by the Company in good faith pursuant to this provision shall fully discharge the Company to the extent of such payment.

Subject to any written direction of the Insured or of the legal or natural guardian of the Insured, if the Insured is a minor or otherwise incompetent to make such a direction, all or a portion of any indemnities provided by this Policy as a result of medical, surgical, dental, hospital or nursing service will be paid directly to the hospital or person rendering such services; but it is not requested that the services be rendered by a particular Hospital or person.

Physical Examination and Autopsy:

At Our own expense, We shall have the right and opportunity to examine the Insured as We may reasonably require while a claim is pending. At Our own expense, We may also have the right to make an autopsy in the case of death, where it is not prohibited by law.

Legal Actions:

A legal action may not be brought to recover on this Policy within 60 days after written Proof of Loss has been given as required. No such action may be brought after three years from the time written proof was required to be given.

Subrogation:

We are assigned the right to recover from the negligent third party, or his or her insurer, to the extent of the benefits We paid for that Injury. The Insured is required to furnish any information or assistance, or provide any documents that We may reasonably require in order to exercise Our rights under this provision.

GENERAL PROVISIONS

Entire Contract; Changes:

This Policy, including the application, endorsements, if any, and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by one of Our executive officers and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or waive any of its provisions.

Our failure to enforce any Policy provision shall not waive, modify or render such provision unenforceable at any other time; at any given time; or under any given set of circumstances, whether the circumstances are, or are not, the same.

Incontestability:

All statements made in an application by the Policyholder are, in the absence of fraud, representations and not warranties. No statement shall be used to contest this Policy, the validity of coverage or reduce benefits, unless it is in writing, signed by the Policyholder, and a copy of such statement is furnished to the Policyholder.

Insurance Class:

Policyholder may set forth in its application Insurance Classes of Eligible Persons. The Policyholder shall notify Us when a change of Insurance Class occurs for the Insured.

Clerical Error:

If a clerical error is made so that an otherwise Eligible Person's coverage does not become effective, coverage may be in effect if:

1. the Policyholder makes a written request for coverage on a form approved by Us; and
2. any premium not paid because of the error is paid in full from the effective date of coverage.

We reserve the right to limit retroactive coverage to two months preceding the date the error was reported.

If a clerical error is made so that the coverage is in effect for a person who is not eligible, an adjustment will be made to correct the error. Any Premium refund will be reduced by any payment made for claims. If claims paid exceed the Premium refund, the Policyholder shall reimburse Us for the overpayment.

Information and Records:

The Policyholder shall provide Us information necessary to administer coverage under the Policy. Information is required when an Eligible Person becomes covered, when changes in amounts of coverage occur, and when the Insured's coverage terminates.

Non-Participating:

The Policy is non-participating. It does not share in Our profits or surplus earnings.

Conformity with State Statutes:

If any provision of this Policy is contrary to any law to which it is subject, such provision is hereby amended to conform to the minimum requirements of such law.

Certificate of Insurance:

Where required by law, We will send to the Insured an individual certificate. The certificate will outline the insurance coverage under the Policy and to whom benefits are payable.

NOTICE OF PROTECTION PROVIDED BY ILLINOIS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a **brief summary** of the Illinois Life and Health Insurance Guaranty Association ("the Association") and the protection it provides for policyholders. This safety net was created under Illinois law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your member life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Illinois law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association per insolvency are:

- Life Insurance
 - \$300,000 in death benefits
 - \$100,000 in cash surrender or withdrawal values
- Health Insurance
 - \$500,000 in hospital, medical and surgical insurance benefits*
 - \$300,000 in disability insurance benefits
 - \$300,000 in long-term care insurance benefits
 - \$100,000 in other types of health insurance benefits
- Annuities
 - \$250,000 in withdrawal and cash values

*The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$300,000, except special rules apply with regard to hospital, medical and surgical insurance benefits for which the maximum amount of protection is increased to \$500,000.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also residency requirements and other limitations under Illinois law.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association's website at www.illifega.org or contact:

 - use of both legs;
 - use of one arm and one leg; or
 - severely diminished mental capacity due to brain stem or other neurological Injury such that the Insured Person is unable to perform normal daily functions.

Traumatic Brain Deficit means an Injury to the brain which:

- occurs, and is diagnosed by a Physician, within 48 hours of a Covered Accident;
- results in measurable, neurological deficit persisting for the lesser of at least 12 continuous months or the time at which maximum recovery has been reached;
- requires permanent daily personal supervision; and
- results in the inability of the Insured Person to perform independently three or more of the following activities of daily living: transferring (moving in or out of a bed or chair), dressing, bathing, feeding, toileting, and continence.

If the Injury results in a period of time during which the Insured Person is in a Coma and/or Persistent Vegetative State, that period of time can contribute toward meeting the time requirement in this definition. However, Traumatic Brain Deficit benefits under the policy or certificate are only payable if the definition has been met and the Insured Person has emerged from the Coma and/or Persistent Vegetative State.

DISABILITY BENEFITS**Total Disability Benefit:**

If an Insured Person becomes Totally Disabled and has satisfied the Covered Accident Deductible, We will pay Total Disability Benefits for the first 12 months in an amount as shown in the Plan of Insurance. Thereafter, as shown in the Plan of Insurance we will pay a Total Disability Benefit for each subsequent month which will be increased by a percentage, as shown in the Plan of Insurance, after the benefit has been paid for 12 months and after each subsequent 12 month period while the Insured Person remains Totally Disabled. Benefits will begin on the later of:

- the date the Insured Person's Academic Class graduates; or
- the end of the Academic Year in which the Insured Person became Totally Disabled; or
- the date the Covered Accident Deductible is satisfied.

Payment of the Total Disability Benefit will continue for so long as the Insured Person remains so disabled. Total Disability Benefits will not be paid beyond the Maximum Period Payable shown in the Plan of Insurance.

Partial Disability Benefit

If an Insured Person becomes Partially Disabled immediately following a period of Total Disability for which Total Disability Benefits were paid, We will pay the Partial Disability Benefit shown in the Plan of Insurance. The monthly Partial Disability benefit amount will be increased by a percentage shown in the Plan of Insurance after that benefit has been paid for 12 months and after each subsequent 12 month period while the Insured Person remains Partially Disabled.

Partial Disability will end when:

- the Insured Person is no longer Partially Disabled; or
- the Insured Person's average gross monthly earnings exceed the amount shown in the Plan of Insurance for the number of consecutive months shown in the Plan of Insurance.

The Partial Disability Benefit will be reduced by one-half of the after-tax monthly compensation earned by the Insured Person in excess of the amount shown in the Plan of Insurance. Partial Disability Benefits will not be paid beyond the Maximum Period Payable shown in the Plan of Insurance.

Resumption of Disability

If Total Disability Benefits or Partial Disability Benefits cease as provided in the policy and the Insured Person again becomes Totally Disabled or Partially Disabled as a result of the same Covered Accident which caused the earlier period of disability, benefits will resume after the new period of disability has persisted three consecutive months.

ADJUSTMENT EXPENSE BENEFITS

We will pay the Adjustment Expense Incurred on behalf of the Totally Disabled Insured Person after the date the Covered Accident Deductible is satisfied, subject to the maximum benefit shown in the Plan of Insurance.

Adjustment Expenses are the Reasonable and Customary expenses Incurred for:

- the expense for training, up to the maximum as shown in the Plan of Insurance, of a member of the Immediate Family of the Insured Person to perform rehabilitative or custodial functions necessary to the care of the Insured Person; the training must occur during the period of time immediately following the date of the Covered Accident to the Insured Person as shown in the Plan of Insurance;
- the expense, up to the amount shown in the Plan of Insurance, per member, for travel by the Insured Person's Immediate Family members between their home and the Insured Person's place of treatment which:
 - occurs during the time period shown in the Plan of Insurance immediately following the date of the Covered Accident;
 - if by air, is on regularly scheduled commercial flights; and
- lost earnings by the Insured Person's parents, guardians or spouse, due to, and in connection with, a Covered Accident. Loss of earnings by the Insured Person's spouse, or parent/guardian if the Insured Person is not married, will be limited to the percentage of gross lost earnings, as shown in the Plan of Insurance, of the spouse or one parent/guardian only due to the Injury to the Insured Person, not to exceed an amount per week for a maximum number of weeks during the number of consecutive months following the date of the Covered Accident as specified in the Plan of Insurance. Gross earnings will be determined based on the average monthly gross earnings for the 12-month period immediately preceding the date of the Covered Accident.

As provided above, family travel is limited to travel by not more than two members of the Insured Person's Immediate Family at one time. Family travel by personal auto is reimbursed at mileage rates used by the Internal Revenue Service. As provided above, lost earnings will be reimbursed for up to the number of weeks shown in the Plan of Insurance up to the lesser of the amount shown in the Plan of Insurance or the average weekly wage for the year preceding the Covered Accident of one parent/guardian or the spouse of the Insured Person.

SPECIAL EXPENSE BENEFIT

Special Expense Benefits are those Reasonable and Customary expenses Incurred, after the Covered Accident Deductible has been satisfied, by an Insured Person who is Totally Disabled as a result of a Covered Accident for special items approved by the Insured Person's Doctor to accommodate his or her physical disability, such as specialized wheelchair or other types of equipment or computer programs designed for use by someone with the type of physical disability suffered by the Insured Person, the adaptation or modification in design and/or equipment of the Insured Person's owned motor vehicle or such motor vehicle as was customarily at the

disposal of or in the usual possession of the Insured Person, or for adaptation or modification of the Insured Person's housing in design and/or equipment. Such item or modification must be approved by the Doctor as being appropriate and as being Medically Necessary to accommodate the physical disability of the Insured Person as a result of a Covered Accident. Benefits are limited to the amounts shown in the Plan of Insurance.

Payment for the purchase of a motor vehicle will be limited to those expenses reasonably necessary to provide a motor vehicle appropriate to accommodate the Insured Person and will be made only if the Insured Person's then existing motor vehicle cannot be modified to accommodate the Insured Person's physical disability; however, payment for purchase or modifications of a motor vehicle or housing will be limited to only such purchase and modification(s) which are appropriate to accommodate the Insured Person's physical disability as recommended by the Doctor and approved by Us.

- at the school or alternate institution such person was attending at the time of the Covered Accident; or
- for other covered persons, at the school or alternate institution such person will be attending;

however, the amount of the College Education benefit payable shall not exceed the lesser of the comparable full cost of attendance or the Maximum Aggregate Lifetime Benefit Amount as shown in Plan of Insurance. The full standard cost of attendance shall be as determined by the financial aid office at the particular school net of any other financial aid received by the Insured Person.

The College Education Benefit for those eligible Insured Persons whose full cost of attendance continues to be funded through his or her athletic scholarship will not commence until the expiration of any athletic or other scholarship provided to the Insured Person by the Participating School. Benefits that are payable will be paid directly to the school as the payment is due.

To qualify for the College Education Benefit, the Totally Disabled Insured Person must commence or recommence undergraduate study within the Loss Establishment Period, after the Covered Accident occurred, as shown in the Plan of Insurance. The College Education Benefit will terminate at the earlier of:

- the date the Insured Person completes the requirements for any undergraduate degree;
- the twentieth (20th) anniversary of the date of the commencement or recommencement of undergraduate study; and,
- the date the Maximum Aggregate Lifetime Benefit has been met.

ACCIDENTAL DEATH, DISMEMBERMENT OR LOSS OF SIGHT, SPEECH OR HEARING

We will pay the benefit amount based upon the Principal Sum shown in the Plan of Insurance for Accidental Death or specific loss listed below which:

- (a) results solely from an Injury to the Insured which occurs during a Covered Event, and from no other contributory cause; and
- (b) is sustained within the Loss Establishment Period after the date of the Injury.

If an Insured sustains more than one such Loss as the result of one Accident, we will pay only one amount, the largest to which he is entitled. This amount will not exceed the Principal Sum that applies for the Insured.

The loss of sight must be irrecoverable by natural, surgical or artificial means. Loss of a thumb and index finger means complete Severance through or above the metacarpophalangeal joints (the joints between the fingers and the hand). Loss of speech or hearing means their total and irrecoverable loss. Loss of hearing that can be corrected by the use of any hearing aid or device shall not be considered an irrecoverable loss.

PART E. OTHER INSURANCE/EXCESS NATURE OF POLICY

Except as provided below, this insurance policy is excess over any other valid and collectible insurance or similar benefit program available to the Insured Person for a Covered Loss under the policy. If an Insured Person receives or is entitled to receive benefits or services from any source described below (herein called Other Insurance) for any benefit category of a Covered Loss for which he or she is entitled under the policy, such benefit under the policy will be in excess of the amount of such Other Insurance.

If an Insured Person is entitled to Other Insurance for a benefit category of a Covered Loss for which he or she has been paid benefits under the policy, the Insured Person will reimburse Us to the extent of such benefits paid under the policy, not to exceed the amount of Other Insurance received.

For purposes of the policy, an Insured Person's entitlement to Other Insurance will be determined as if the policy did not exist and shall not depend upon whether application for Other Insurance is made by or on behalf of the Insured Person.

Other Insurance means any reimbursement for or recovery of any element of Covered Loss available from any other source whatsoever, except gifts and donations, but including without limitation:

- any individual, group, blanket, or franchise policy of accident, disability, or health insurance;
- any arrangement of benefits for members of a group, whether insured or uninsured;
- any prepaid service arrangement such as Blue Cross or Blue Shield, individual or group practice plans, or health maintenance organizations;
- any amount payable for Hospital, medical, or other health services for accidental bodily Injury arising out of a motor vehicle accident to the extent such benefits are payable under any Medical Expense payment provision (by whatever terminology used including such benefits mandated by law) of any motor vehicle insurance policy;
- any amount payable for services for Injuries or diseases related to the Insured Person's job to the extent that he or she actually receives benefits under a Workers' Compensation law. If the Insured Person enters into a settlement to give up his or her rights to recover future Medical Expenses under a Workers' Compensation Law, the policy will not pay those Medical Expenses that would have been payable except for that settlement;
- Social Security Disability Benefits;
- any benefits payable under any program provided or sponsored solely or primarily by any federal, state, or local governmental unit or agency or subdivision or through operation of law or regulation, except Medicaid; and
- income received through a trust fund or similar arrangement, whether declared or not.

PROVIDED, however, that if an Insured Person is covered under a policy issued by another insurance carrier which provides substantially similar benefits which are subject to a deductible of \$25,000 or more, any benefits payable under such policy will not be regarded as Other Insurance. Instead the policy, on an excess basis over all Other Insurance, will share payment of Covered Loss with the other policy by contribution based on equal shares. Under this approach, the policy will contribute an amount equal to that contributed by the other catastrophic policy until the loss is paid.

PART F.**THIRD PARTY RECOVERY RIGHTS**

If the Insured Person has rights to recover all or part of any payment made under the terms of the policy, those rights are transferred to Us. At Our request, the Insured Person must do nothing after the Covered Accident to impair them. At Our request, and at Our expense, the Insured Person will bring legal action or transfer those rights to Us and help Us enforce them.

In addition, We shall be entitled to recover any benefits paid up to the amount of the net recovery of any benefits paid by the policy in the recovery by the Insured Person against any such third person or organization. Net Recovery shall mean the gross recovery against the third party wrongdoer, less attorney's fees and expenses and court costs.

Should any money be recovered by the Insured Person from an alleged third party wrongdoer for the same Covered Accident for which benefits were paid under the policy, the net recovery shall be considered Other Insurance for all purposes of the policy.

We agree We will not seek subrogation against the Participating School.

The provisions of this Part shall not apply to Insured Persons residing in states or attending Participating Schools in states where this Third Party Recovery provision is prohibited by law.

PART G.**EXCLUSIONS AND LIMITATIONS**

No benefits are payable for:

- Illness or disease or medical or surgical treatment thereof, including diagnosis, except:

- charges Incurred for articles of clothing which are intended for use more than once;

- elective treatment or surgery, health treatment, or examination where no Injury or Sickness is involved;
- drugs that promote fertility, treat infertility, enable sexual performance or provide sexual enhancement.

NONDUPLICATION OF BENEFITS. If any item of expense is payable under more than one provision of the policy, payment will be made only under the provision providing the greater benefit.

PART H. AGGREGATE LIMITS OF LIABILITY

The Aggregate Limit of Liability per Insured Person per Accident is shown in the Plan of Insurance. We will not be liable for any amount over the Aggregate Limit of Liability.

PART I. GENERAL PROVISIONS

Insurance Benefits: Benefits for Insured Persons will be determined by the provisions of the policy.

Notice of Claim:

- Written notice of claim must be given to Us or Our authorized representative within sixty (60) days of the date of the Covered Loss. If notice is not given within sixty (60) days, a claim will not be denied or reduced for that reason if notice was given as soon as was reasonably possible.
- When We or Our authorized representative receive notice of claim, forms for filing proof of loss will be furnished to the Insured Person. If these forms are not furnished to the Insured Person within fifteen (15) days from the time notice is received by Us or Our authorized representative, the Insured Person will have met the proof of loss requirements if written proof of loss is submitted within the time required.

Proof of Loss:

- Proof of loss for Hospital confinement must be given to Us or Our authorized representative within ninety (90) days after release from the Hospital.
- Proof of any other Covered Loss or Accidental Death must be given to Us or Our authorized representative not later than ninety (90) days after the Covered Loss or death.
- If proof of any loss is not given within ninety (90) days, the claim will not be denied or reduced for that reason if that proof was given as soon as reasonably possible.
- Proof as required in this Part means proof satisfactory to Us.

Physical Examination and Autopsy:

- We, at Our expense, have the right to have an Insured Person examined, as often as it may reasonably require, whenever his or her loss is the basis of a claim.
- We have the right to require an autopsy of the Insured Person if not prohibited by law.

Beneficiary:

Each Insured Person may designate a beneficiary to whom the death benefit shall be payable and may change the beneficiary designation. Any beneficiary designation or change will not take effect until a written request of such on a form satisfactory to the Us has been signed by the Insured Person and recorded by Us or Our authorized representative.

Whether or not the Insured Person is living, the designation or change of beneficiary, when properly signed and recorded, shall take effect from the date it is signed by the Insured Person. Any payment made by Us prior to the date the beneficiary designation or change is recorded by Us or Our authorized representative shall release Us from any further liability under the policy, to the extent of such payment.

If the designated beneficiary of record does not survive the Insured Person or if the Insured Person fails to designate a beneficiary, payment of death benefits will be made to the Insured Person's estate, or at Our option, to the following:

- the Insured Person's spouse, if living; otherwise

- the Insured Person's then living children, if any; otherwise
- the Insured Person's surviving parent(s); otherwise
- the person legally responsible for the Insured Person; otherwise
- the Insured Person's surviving brothers and/or sisters, equally.

If two or more beneficiaries of record are named, and if the Insured Person does not state their respective interests, such beneficiaries shall share equally. If any of such beneficiaries die before the Insured Person, his or her interest will pass to the surviving beneficiary(s) equally.

Payment of Claim: Benefits payable under the policy for loss of life will be paid in accordance with the beneficiary designation and the provisions respecting such payment set out herein and effective at the time of payment. Any other payable benefits which remain unpaid at the time of the Insured Person's death may, at Our option, be paid to the beneficiary or to the Insured Person's estate.

All other benefits will be payable to the Insured Person or the medical services provider if We have received a valid assignment by the Insured Person unless We determine that he or she is unable to receive such payment because he or she is not legally able to give a binding receipt for the payment. In the absence of a written assignment of benefits, all or a portion of these other benefits may be reimbursed to the provider rendering the service. Such payment will be at Our option.

If We determine that the Insured Person is not able to receive such payment, then We may, at Our option, pay the benefits to the Insured Person's estate, beneficiary, spouse, the person legally responsible for the Insured Person, or to a Court of competent jurisdiction. Any payment made under this option will completely discharge Us from further obligation for such payment.

If any indemnity of the policy shall be payable to the estate of the Insured Person, or to a beneficiary who is a minor or otherwise unable to give a valid release, We may pay such indemnity, up to an amount not exceeding \$1,000, to any relative by blood or by marriage of the Insured Person or beneficiary who is deemed by Us, after submission of evidence satisfactory to Us of payment of medical or other expenses Incurred by or on behalf of the Insured Person, to be equitably entitled thereto. Payment in accordance with this paragraph will release Us from all liability hereunder for any amount so paid.

The Death Benefit provided hereunder may not be assigned, transferred, or encumbered, without Our consent, and to the extent permitted by law will be exempt from attachment and otherwise free from the claims of creditors of the Insured Person or beneficiary.

We reserve the right to allocate the Covered Accident Deductible to any Covered Loss and to apportion the benefits to the Insured Person and/or his or her assignees. Such action will be binding on the Insured Person and his or her assignees.

Time of Payment of Claim: Benefits will be paid as soon as We receive proper proof of loss unless the policy provides for periodic payment. When the policy provides for periodic payment, the benefits will accrue and will be paid monthly subject to proper proof of loss.

Choice of Doctor: The Insured Person is free to be treated by any Doctor he or she chooses.

Workers' Compensation: The policy is not a Workers' Compensation policy and is not intended to satisfy any requirements for coverage by Workers' Compensation insurance.

Time Limit on Certain Defenses: After two years from the Policy Date, We cannot use misstatements, except fraudulent misstatements, in the Policyholder's application to void coverage. After two years from the date an Insured Person becomes covered under the policy, We cannot use misstatements, except fraudulent misstatements, in his or her application to void coverage or deny a claim for loss that happens after the two-year period.

Cancellation: After the policy has been in force for one year, it may be cancelled at any time, by either the Policyholder or Us, with written notice to the other stating the date and hour cancellation becomes effective. We shall give 60 days prior notice to cancellation. Upon cancellation any unearned premium shall be returned.

Clerical Error: Clerical error on Our or the Policyholder's part in keeping records or furnishing records shall not void insurance otherwise in force or continue insurance otherwise terminated under the terms of the policy.

Legal Actions: No lawsuit may be brought to recover on the policy within sixty (60) days after proof of loss has been given as required by the policy. No lawsuit may be brought after five (5) years from the time written proof of loss is required to be given.

Statements: In the absence of fraud, all statements made by the Policyholder or by any Insured Person will be deemed representations and not warranties. No such representations will void the insurance or be used to deny a claim unless a copy of the instrument containing such representation is or has been furnished to the Insured Person.

Termination of Insurance: The policy is issued for the term stated in the Plan of Insurance beginning on the effective date of the policy. Insurance with respect to an Insured Person will terminate on the earliest of: (1) the termination of the policy; or (2) the date the Insured Person ceases to be an Insured Person. Such termination will be without prejudice to any claim originating from a Covered Accident.

Assignment: The benefits provided under the policy shall not be assigned, transferred, or encumbered without Our consent and, to the extent permitted by law, shall be exempt from attachment and otherwise free from claims of creditors of the Insured Person.

Entire Contract; Changes: The entire contract consists of the policy, issued to the Policyholder, and any papers made a part of it, including, if any, riders and the Policyholder's application.

An Insured Person is entitled to examine a copy of the policy during regular office hours at Our place of business.

Amendment and Alteration of the Contract:

- The policy may be amended or changed, only by a written agreement between the Policyholder and Us.
- Only an officer of Ours may change, amend, alter, or waive in any manner the provisions of the policy, and then only when in writing and signed by the officer.
- We will not be bound by any promise made by any person other than an officer of Ours.
- We reserve the right to provide payment of other benefits, subject to the Case Management Pre-certification Reduction Amount, not specifically enumerated herein which includes, but is not limited to, professional and other Case Management fees and costs in a non-discriminatory fashion as it deems appropriate. Any such payments shall not reduce any benefit payable hereunder.

Non-waiver of Policy Provisions: Our failure to insist on compliance with any provision of the policy at any time under any set of circumstances will not operate with respect to any other time or as to any other occurrence whether or not the circumstances are the same to:

- waive or modify such provision; or
- in any way render it unenforceable.

Nonparticipating Policy: The policy is non-participating and does not share in Our profits.

Effects of Actions of the Policyholder: In all matters regarding the policy, except with respect to any claim filed under the policy, the Policyholder or its authorized representative acts for the Insured Persons. Each agreement made by Us with the Policyholder or its authorized representative will be binding on all parties. Each notice given by Us will be deemed to have been given to all parties.

Information Required: The Policyholder shall furnish to Us, or the Participating School shall furnish, all information which We may reasonably require with regard to matters pertaining to the insurance afforded by the policy. All documents, books, and records which may have a bearing on the insurance or premiums under the policy shall be open for inspection during the term of the policy and during the pendency of any claim hereunder.

Grace Period: A grace period of 31 days is granted for each premium due. Coverage will stay in force during this period unless notice has been sent, not less than five days prior to the premium due date, of the intent to terminate coverage under the policy. Otherwise, coverage will end if the premium is not paid by the end of the grace period.
