Questions Received:

1. The contract is only 1-year and also has a 30-day out. Since Waste Management would have to provide the capital for 3 compactors, we typically require a 3-year contract. If JJC owned the compactors we could get arounds this. Since WM would have to provide the 3 machines the capital is very high. The main campus is roughly 1 ½ miles from our transfer station and 3 miles from our yard. We do guarantee our service. We do have a service guarantee in our contract and with how close we our the rates will be very competitive. Let me know if we have an option for a 3-year contract.

The intention is to secure a vendor for a 5-year term with an opportunity to cancel if services are not acceptable for any reason. Please include contract terms and conditions to be considered as part of the evaluation process.
