TO: Prospective Respondents
SUBJECT: Addendum No. 1
PROJECT NAME: Switch & Wireless Network Replacement
JJC PROJECT NO.: B22007

Question Received:

1. The downloaded pdf for this RFP has a due date of November 22, 2021 but date on site says November 19, 2021 - which is correct?
An incorrect document had inadvertently been uploaded to ESM. On November 9, 2021, the document has been replaced with the correct version.
2. This RFP includes a BEP goal but also states the college will make every effort to use local business firms and contract with small, minority owned and/or women owned business. Small businesses are not necessarily included as BEP vendors. Will vendors that are small businesses but are not minority owned, women-owned or owned by persons with disabilities still be given preference for award and what documentation needs to be provided?
This is a public bid, so the college will award this bid to the lowest responsible bidder. We strongly encourage participation by local businesses and disadvantaged businesses; but these statuses are not currently a requirement.
3. Once the Cisco switches has been purchased, will you need its instalment, or do you have in-house vendor to install and replace with new switches and wireless network?
No vendor services are being requested.
4. Can a third-party vendor be the Cisco Reseller member, or do the respondent need to be the Cisco Reseller member?
No, the bidding firm must meet the Cisco Authorized Channel Partner requirements outlined on page 12 of the bid document.
