Please strike the following verbiage from the first bullet point on page 12 of the bid document. This was an internal note, which was inadvertently included in the final specifications.

Question Received:

1. Are you looking for this to be a phone system, or digital platform that can act as a marketing reach out platform? ***No, we are not looking for this to be a phone system, rather this will be a text/ email platform with reporting capabilities to track effectiveness of outreach. The platform is required to help manage mass SMS/email communication to students and community members.***
