Samsung Electronics	This is much more than a 14X17 glass-free detector for your Konica-Minolta X-ray system, this is a complete retrofit 14X17 Glass-free detector with Samsung retrofit software. Your students will be thrilled to have the older Konica system refreshed to state-of-the-art operations and interface. With our new Tech College program, we've noticed one of the most important decision-making criteria is, "what technology will my students see when they graduate?" Samsung Radiography is now in 92 of the top 100 hospitals in the country and in the locker rooms of more that 140 pro and college sports teams. This package will take an aging x-ray system and refresh it with the latest Samsung software and workflow. Samsung x-ray has become known as the most intuitive and user-friendly technology in the industry and is used at luminary Chicagoland Health Systems like Loyola and UI Health, as well as Tech schools like College of DuPage. Our Glass-free detectors offer the exact same resolution and low-	Official Quote for Samsung GR40, Spec Sheet for Samsung GR40, Samsung Signed Documents	Konica Minolta AeroDR GL-P 14"x17" as described on page 10 of the bid document to include: Konica Ultra Laptop Controller, Ultra Universal Control Station Software, AeroDR Docking Station II, Installation, remote applications training, warranty: 1 Year Parts and Labor	1	$ 32,700.00	$ 32,700.00		This is much more than a 14X17 glass-free detector for your Konica-Minolta X-ray system, this is a complete retrofit 14X17 Glass-free Samsung retrofit.
