This solicitation contains a goal to include businesses owned and controlled by minorities, females, and persons with disabilities in the College's procurement and contracting processes in accordance with the State of Illinois' Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575).

JOLIET JUNIOR COLLEGE

1901

Because these goals vary by business ownership status and category of procurement, we urge interested businesses to visit the Department of Central Management Services (CMS), [Business Enterprise Program \(BEP\)](#) web site to obtain additional details. To qualify, prime vendors or subcontractors must be certified by the CMS as BEP vendors prior to contract award.

Go to (<http://www2.illinois.gov/cms/business/sell2/bep/Pages/default.aspx>) for complete requirements for BEP certification. For applicable projects, vendors may be asked to submit a [utilization plan](#) and [letter of intent](#) that meets or exceeds the identified goal. If a vendor cannot meet the goal, documentation and explanation of good faith efforts to meet the specified goal may be required within the utilization plan.

Negotiation: JJC reserves the right to negotiate all elements, which comprise the vendor's proposal to ensure the best possible consideration, be afforded to all concerned. JJC further reserves the right to waive any and all minor irregularities in the proposal, waive any defect, and/or reject any and all proposals, and to seek new proposals when such an action would be deemed in the best interest of JJC.

Award: The successful vendor, as determined by JJC, shall be required to execute a contract for the furnishing of all services and other deliverables required for successful completion of the proposed project. The supplier may not assign, sell, or otherwise transfer its interest in the contract award or any part thereof without written permission from JJC.

Retention of Documentation: All proposal materials and supporting documentation that is submitted in response to this proposal becomes the permanent property of JJC.

Opening of Proposals: Proposals will be opened in a manner that avoids disclosure of the contents to competing vendors. Contents for proposals will remain confidential during the negotiations period. Only the proposal number and the identity of the vendor submitting the proposal response will be made available to the public.

IV. FORMAT FOR RESPONSE

To achieve a uniform review process and obtain the maximum degree of comparability, it is required that the proposal be organized in the format specified.

An original and four (4) copies of the proposal will be required. Each shall be submitted in a binder. The original copy should be so noted and signed

1. Title Page

Show the RFP subject, the name of the vendor's firm, address, telephone number, name of contact person, and date.

2. Table of Contents

Clearly identify the materials by sections and page number(s).

6. Responses to Addendum

7. Prices Responses

8. Invoicing Procedure

- a. Describe the firm's invoicing procedures.
- b. Include documentation identifying all of the vendor's fees.

9. Bidder's Certification Statement

V. EVALUATION

In evaluating the proposals submitted, JJC will apply the "Best Value" standard in selecting the supplier to be awarded a contract for this project. Purchase price is not the only criteria that will be used in the evaluation process. Any award resulting from this RFP will be made to that vendor whose offer conforms to the RFP and it is determined to be the most advantageous, of "best value" to JJC, in the sole judgment of JJC. The selection process will include, but not be limited

to, the following considerations:

1. The provider's ability to assist JJC in meeting the overall goals and to reduce JJC administrative costs associated with the procurement process
2. The quality and range of services the firm proposes to provide
3. The extent to which the goods or services meet JJC needs
4. The firm's overall experience, reputation, expertise, stability and financial responsibility
5. The vendor's past relationship with JJC, if any
6. The experience and qualifications of the staff that will be assigned to service JJC's account
7. The ability to provide service in an expedient and efficient manner
8. The quality and range of management reports
9. Vendor's financial terms offered to JJC
10. The training options available
11. Quality of the implementation plan
12. Feedback from references
13. The total, long-term cost to JJC to acquire the vendor's goods and services.
14. Any other relevant factor that a private business entity would consider in selecting a supplier

SCOPE OF WORK

The Board of Trustees of Joliet Junior College (hereinafter, "JJC") is requesting proposals a contractual relationship with a vendor that will design, furnish, install and configure digital multi-functional devices and network printers.

Joliet Junior College is seeking a Managed Print Services solution to consolidate and optimize the current printer fleet environment. The overall goals of the project include the following:

- Reduce the Total Cost of Ownership (TCO) of devices
- Increase and optimize the efficiency of device use
- Provide a secure platform for printing sensitive documents
- Increase green initiatives and provide an eco-friendly print environment
- Increase ROI
- Improve communications enterprise-wide
- Improve asset utilization
- Improve attainment of service level objectives and increase end-user productivity
- Build scalability and responsiveness without expensive over-provisioning
- Reduce outside spend and marshal resources to reengineer applications as appropriate
- Reduce risk, or at least share risk, with the appropriate Service Provider
- Utilize Quality Assurance processes, i.e. Six Sigma or similar metrics

JJC seeks a solution that maximizes JJC technical, functional and service needs while providing best-in-class cost of ownership.

ASSUMPTIONS

General Operating Environment

- The College currently leases approximately 98 MFDs with maintenance agreements. This includes 3 production units in Print Services, 91 units with Equitrac 4.2.4 all with various application demands, and 6 units with PaperCut (student print solution) depending on the location and intended use. The College also has 221 networked Laser Jet printers. A complete inventory of the current copiers and printers can be found in Appendix A and a detailed summary of the MFDs is available in Appendix B.
- JJC manages its own print shop.
- The college will award this bid to one vendor for the purchase all printers and MFDs.
- The college has its own web job- ticketing solution.
- The college has security compliance requirements- specifically HIPPA, FERPA and board policies.
- The college will maintain its print solution software on premises.
- The current desktop operating systems are Windows 7/10, Mac OS Leopard.
- When the contract is awarded, the server OS will be Windows 2016.
- The college uses RightFax server to manage all desktop client faxing.
- The college uses current MFDs to scan to email (Office 365). (PDF format)
- At this time, the college does not have a one –card solution and has no plans for one for the term of the contract which will be awarded as a result of this RFP.
- Currently our student print solution accepts coin/dollar/credit and debit card payments.
- The college desires to give the public access to its print services capabilities.
- The selected system should provide ‘follow me’ and secure release print.
- The equipment should have the capability to chargeback for copy and print for all MFDs for faculty, staff, and students. Faculty/staff authenticate to the network using their own Active Directory account.
- Currently, JJC uses Keyscan to release jobs on 11 MFDs that are equipped with card readers. The college is looking to expand this functionality to all future MFDs.
- Our current ERP system is Colleague/Datatel.
- The college currently uses Identisys for photo IDs, but is currently exploring/researching other solutions.
- The college will not use MFDs to scan into our document imaging system (ImageNow).
- The college purchases its own toners for local devices.

Installation of Devices

- The college expects to phase in new devices based on an agreed upon plan with the chosen partner. The plan will take into account the current state and existing device leases.
- The college will consider all options for the awarded vendor to buy out the remainder of current MFD leases.
- The vendor is responsible for returning any leased machines once the contract is awarded.

JOLIET JUNIOR COLLEGE

1901

Statistics

- The production center volume is:
 - 67% B/W
 - 33% color
 - 80% electronic
 - 20% hard copy (black & white)
- For the past 18 months, the college has averaged 265 print jobs per month within the production area. A large majority of end-users is JJC staff.
- Average device utilization is calculated based on industry standards.

Print Services/Finishing

- The college will consider all options for offline and online finishing.
- The college is currently using Fiery to configure color setting to optimize the print quality of documents.
- The college currently uses booklet saddle stitch, booklet comb bind, adhesive binding, folding, stapling, shrink wrapping, hole punch, and cutting
- Bookedge is a requirement for machines located in the college's library.

This RFP will succeed in allowing JJC to realize the following in terms of services, maintenance and equipment.

Services:

- A study of the current machine placements and determine the optimum machine placement based on workload and users in an area.
- MFDs that are placed on campus to be right sized to the volume being produced by the area or work group using the machine.
- Recycling program
- All MFDs placed after the initial contract shall be priced according to the original contract.
- A Client Facing Web Based Portal must include a way to automate distribution of consumables such as toners (OEM preferred), staples, and maintenance kits and managing the print que.
- Asset database maintenance; meter reads and move/add change.
- Device utilization usage and activity analysis reporting.
- Provide detailed billing documents for fleets of 200+ units.
- Printing from mobile devices is requested (web printing).

Maintenance:

- Service call (incident) activity dispatch and management (proactive & reactive).
- Full service maintenance including parts and labor with service level agreements.
- Problem resolution and issue escalation.
- Supply monitoring, ordering and tracking.

JOLIET JUNIOR COLLEGE

1901

- Provide a single point of contact for managing the entire printer environment and project
- Dispatch certified printer technicians to each facility based on agreed upon SLA during regular business hours, 7am-5pm (CST) Monday – Friday. (Closed on Fridays during summer)
- Provide unlimited phone and email support during regular business hours from Monday – Friday 7am-5pm (CST). (Closed on Fridays during summer)

Equipment:

- 100% of all MFDs are to be networked and have the ability to print, copy, fax, and scan to email.
- All units should have the functionality of logging into cloud (OneDrive).
- Explore the placement of additional color MFDs at strategic locations on campus.
- Require all MFDs to be certified new and must not contain any used or refurbished parts and be the latest generation model built by the manufacturer.
- Energy Star rated technology that is eco-friendly including supplies that are nontoxic and low waste.
- Proactive device management and Helpdesk integration into existing infrastructure.
- Proactive supplies management; JIT inventory management, economies of scale.
- Leased MFDs and print production units have service agreements with supplies. Each department orders their paper through the college's central stores inventory process.
- Single break-fix supplier and proactive support.

OBJECTIVE

The objective of this RFP is to create a contractual relationship with a vendor that will design, furnish, install and configure various digital multi-functional devices. This design will include leased devices. All leased units will include supplies and maintenance for the duration of the agreement term. For the purpose of this RFP, these devices that are defined as digital multi-functional devices or “MFDs” will have the following features: the ability to copy, print, fax, scan to email and the integration of these features.

The equipment acquired as a result of this RFP will be placed after a walk-through. This needs assessment will be provided by the selected vendor and will include all existing college-owned Laser Jet and leased devices with particular focus on expiring MFD agreements and aging units. All recommendations by the selected vendor for placement must be approved in advance by the College. It is in the best interest of the College and the vendor to assure that all equipment is appropriate and provides the “right solution” to the printing needs of our users; however, the College reserves the right to request the vendor to install equipment to meet occasional “special needs.”

Through this RFP process the College seeks to:

- Improve employee device ratio from 1.9 to 5:1 (@1200 employees).
- Have a similar or better set up for production area for an easy work/assembly flow.
- Reduce total college-owned Laser Jet network printer count from approximately from 221 to 150 (all campuses).
- Ensure at least 30% of total device count are MFD's.

JOLIET JUNIOR COLLEGE

1901

- Migrate from non-networked to networked MFD & printer environment.
- Improve copier utilization.
- Channel print volume from expensive desktop printers to more cost efficient MFD's.
- Provide timely and relevant reports to analyze volume history and future requirements.
- Centralize control with consolidated technology footprint delivering improved productivity/capabilities.
- Establish single point of contact throughout engagement-implementation, to transformation, to steady-state.
- Implement and enforce print & acquisition policies.
- Guarantee proactive technical support and consumables management.
- Improve and consolidate billing.
- Obtain a static cost per copy cost for the Print Service that would allow them greater ability to secure additional sources of revenue.
- Improve Print Service offline finishing options by tape binding and/or adhesive binding and in-line punch press.
- Incorporate and support our current campus-wide student print solution that increases student satisfaction and promotes responsible print activity.
- Evaluate our current print solution system and recommend a software solution for tracking network multi-function devices and college-owned Laser Jet network printers.
- Develop a change management strategy, including a marketing plan that creates a campaign which promotes sustainability and the need for change. This plan should ensure a successful transition.
- Improve campus sustainability and reduce our carbon footprint with environmentally sustainable results.
 - 45% reduction in energy usage- 36% reduction in solid waste- 46% reduction in greenhouse gases.
- Construct an implementation schedule which reflects a strong sensitivity to JJC activities and requirements.
- Sign a contract that allows for adjustments (increases and/or decreases) to the quantity of MFDs without penalty.

New equipment description

Multi-function equipment should conform to one of the following model standards: floor standing B/W (35ppm or 75ppm), small-footprint desktop (35ppm) and floor standing color (20ppm). All units need to be networked with duplex capability and scan/copy/fax functionality. Floor standing models should have 11 x 17 capacity and small-footprint 8.5 x 11 x 14. All changes or exceptions to these recommended standards must be approved by JJC.

JOLIET JUNIOR COLLEGE

1901

Single-function equipment should conform to one of the following model standards: small-footprint desktop (40ppm or 45ppm) and: small-footprint desktop color (40ppm). All units need to be networked, duplex capability, scan/copy/fax functionality and 8.5 x 11 x 14 capacity. All changes or exceptions to these recommended standards must be approved by Joliet Junior College.

QUANTITY

There is no guaranteed amount of services intended either expressly or implied, to be purchased or, contracted for by JJC. However the supplier awarded the contract shall furnish all required services to JJC at the stated price, when and if required.

PROPOSED PRICING

The vendor should furnish a list of proposed prices for all services and materials to be used during the term of the contract. The list of proposed prices should be structured to allow for the calculation of unit cost analyses. The prices included herein are to be firm through the contract term, unless noted otherwise by the vendor. The cost proposal should contain:

- The college's current state and disposition of the devices listed in Appendices A & B of the RFP.
- A competitive cost per copy figure that includes service and supplies:
 - Consumables- toners (OEM preferred), staples, and maintenance kits
 - Parts- fuser units, drums, transfer kits, waste toner bottles, rollers, paper guides, and other miscellaneous parts
- Cost for variable data printing
- Annual maintenance fees and the frequency and estimated escalator over the term of the contract
