Courses taken at GSU

CPSC 3310	Intro to Object-Oriented Programming
CPSC 4190	Introduction to Software Engineering
CPSC 4345	Database Systems
CPSC 4530	Mobile App Developments
CPSC 4790	Data Mining and BI
HLAD 3099	Healthcare Organization
HLAD 3103	Basics of Healthcare Informatics
HLAD 3106	Introduction to Epidemiology
HLAD 4101	Healthcare Organizational Behavior
HLAD 4103	Legal Aspects of Healthcare
HLIN 4099	Health Informatics Capstone
HLIN 4501	Applied Healthcare Data Analytics
HLIN 4502	Healthcare Technical Standards of Interoperability
HLIN 4503	Analysis and Design of Health Information Systems
HLIN 4504	Human-centered Computing and Healthcare
IT 3310	Information Technology Project Management
IT 4540	Information Security and Assurance I
Selectives	Health Informatics Selectives - See GSU catalog & work with advisor to choose your selectives options (9 credits)

Total JJC Credits: 64

Total GSU Credits: 62

Total Degree Credits: 126 as written

Minimum required for the BS in Health Informatics: 120 hours

Note: Students are required to have a 2.5 G.P.A for admission to the program

2+2

This transfer guide is a sample curriculum. Additional courses may be required based on placement test scores. Please work with your faculty advisor or success coach prior to course registration.

About GSU's Program:

Technology is revolutionizing the field of healthcare through methods that personalized healthcare experiences. Professionals in health informatics have a critical role in the healthcare field, overseeing the management, processing, dispersal, storage, and security of patient data and information. Governors State's Bachelor of Science in Health Informatics (BSHI) and Master of Science in Health Informatics (MSHI) equip students with a foundational knowledge in both healthcare and information technology, while also emphasizing organizational and leadership skills.

As collaboration increases among healthcare providers and physicians, demand for healthcare information technicians is rising in tandem. Employment in the health information field is expected to grow by 15% over the next decade (Bureau of Labor Statistics).

Credentials make a difference in your earning potential and competitiveness. According to the Bureau of Labor Statistics, Computer and Information Systems Managers earned a median salary of \$142,530 in 2018, while Medical and Health Managers earned a median salary of \$99,730. Job prospects can be best for those with a degree in health information.

About JJC's Program:

Whether you've always known what you wanted to study in college or you're undecided, JJC offers more than 180 degree and certificate programs to choose from. It doesn't matter if you're planning to transfer or complete your degree here - JJC can help guide you as you journey toward your future career. Associate in Arts degrees are for those intending to transfer to a four year university after JJC and major in the social sciences, humanities, fine arts, and other majors falling under the arts. See the Associate in Arts page for curriculum requirements.
