

Financial Aid Consortium

A consortium is a contract between two colleges/universities that recognizes the registration of a student at each site for financial aid purposes. It also certifies that only one of the two colleges/universities will administer Title IV financial aid for the student.

Students can follow the steps below to ensure any eligible financial aid is distributed through JJC or our partner school.

1

The student must comply with all federal, state, and partner school regulations for obtaining financial aid. This includes, but may not be limited to completing the Free Application for Federal Student Aid (FAFSA), submitting all required documents, meeting all deadline dates, etc.

2

The student obtains a consortium form from the partner school's financial aid office if applicable.

3

The student must secure the signature of the designated representative of the partner school, certifying that the courses taken at JJC count toward their degree or certificate.

4

Once permission has been given, the student must register at JJC and obtain a copy of the schedule.

5

The student requests that JJC's financial aid office completes their applicable section and certification on the consortium form .

6

The completed consortium form, schedule from JJC, and any other requested documents must be returned to the partner school's financial aid office.
