About NLU's Program:

For more than 130 years, National Louis University has been a training ground for early childhood, special education, elementary and secondary school teachers. Whether you're considering teaching as a first-time career or looking for a career change, NLU will help you develop the creative, organizational and assessment skills you need to be successful with teaching and education degrees to positively impact the field of education. Our faculty balances the practical aspects of work in schools with the importance of research, enabling you to increase your knowledge while participating in powerful learning experiences. Students in NLU teacher preparation programs bring the best educational practices into the classroom and make a difference in the lives of students. National Louis University's Bachelor of Arts in Elementary Education is for students who would like to earn their elementary education degree in order to attain an Illinois Professional Educator License (PEL) endorsed for self-contained general education (grades 1-6).

About JJC's Program:

Whether you've always known what you wanted to study in college or you're undecided, JJC offers more than 180 degree and certificate programs to choose from. It doesn't matter if you're planning to transfer or complete your degree here - JJC can help guide you as you journey toward your future career. Associate in Arts degrees are for those intending to transfer to a four year university after JJC and major in the social sciences, humanities, fine arts, and other majors falling under the arts. See the Associate in Arts page for curriculum requirements.
