**FINANCIAL AID**

**PHILOSOPHY**
At Joliet Junior College the goal of the Financial Aid Office is to enable access to higher education by providing college financial planning and quality customer service to students and families in pursuit of their educational goals. JJC requires all students applying for grants, student employment, loans, and scholarships to complete the Free Application for Federal Student Aid (FAFSA) at StudentAid.gov.

More information on financial aid can be found at:
GETTING STARTED
Students must complete the FAFSA annually to receive financial aid. Financial aid can take many forms: grants, scholarships, student employment, veteran’s benefits and loans. Follow these steps and guidelines:

**STEP 1:** Complete the JJC online admissions application at [Apply to Community College | Admissions | Joliet Junior College (jjc.edu)](https://www.jjc.edu/getting-started/pay-college/financial-aid)

**STEP 2:** Create a FSA ID at [StudentAid.gov](https://www.studentaid.gov) if you do not already have one. Parents of a dependent student will be required to create one as well.

**STEP 3:** Complete the 2023-2024 [Free Application for Federal Student Aid (FAFSA)](https://www.studentaid.gov) online at [StudentAid.gov](https://www.studentaid.gov). JJC’s school code is 001699. FAFSA results are usually received within 3 business days. You will receive a Student Aid Report from the Department of Education and the school will receive the same information.

**STEP 4:** The RISE Act: (Retaining Illinois Students and Equity) allows undocumented students in Illinois to apply for MAP grants. Visit [isac.org/alternativeapp](https://www.isac.org/alternativeapp)

**STEP 4:** Once JJC receives your FAFSA, you will get a message via your JJC email directing you to log into my.jjc.edu to review your Financial Aid checklist. Visit Self-Service Menu > Pay Bill & View Financial Aid > Financial Aid Self-Service. Submit all requested documents to the Financial Aid Office online – Secure Document Upload at my.jjc.edu/fa, fax (815) 280-2528 or in person at the Main Campus (A-1020) or the Romeoville Campus (RMA-1024). Your financial aid will NOT be processed until everything has been received. Complete files include all supporting documentation requested by the Financial Aid Office. If a file is incomplete, the student will be responsible for adhering to the payment due date on the bill. The student’s file will still be processed, and if eligible for funds, will be reimbursed accordingly. You will receive an award notification via your JJC email. Review your award(s) on my.jjc.edu. The award letter will outline your estimated amount of financial aid for the academic year.

Each student is responsible for being aware of these dates.

GENERAL INFORMATION
For the purpose of meeting federal and state student aid guidelines, the following criteria will apply to aid recipients:

**A. Credit hour load:**
1. Students enrolled in 12 or more credit hours are considered full time.
2. Students enrolled in 9-11 credit hours are considered 3/4 time.
3. Students enrolled in 6-8 credit hours are considered 1/2 time.
4. Students enrolled in less than 6 credit hours are considered less than 1/2 time. Students may not qualify for some aid programs if enrolled in less than 6 credit hours.

**B. Class status:**
1. Students who have earned 1-31 credit hours are considered freshmen.
2. Students who have earned 32 or more hours are considered sophomores.

**C. Academic requirements:**
1. Students receiving federal and state financial aid must maintain Satisfactory Academic Progress (SAP) in order to remain eligible for Federal and State funding. The financial aid policy may be different from institutional policy for this reason. Contact the Financial Aid Office for details or click on this link [Satisfactory Academic Progress Policy](https://www.jjc.edu/getting-started/pay-college/financial-aid).
FINANCIAL AID PROGRAMS
There are a number of federal programs that can be determined by applying for aid by using the FAFSA (Free Application for Federal Student Aid.)

**Grants:** Pell Grant eligibility is based on the Expected Family Contribution (EFC) as indicated on the results of the aid application. The Federal Supplemental Educational Opportunity Grant (FSEOG) is a limited campus based fund and is awarded based on student need and availability.

**Work Study:** The Federal Work-Study (FWS) program on campus is available to students with aid eligibility. Any student in good academic standing and enrolled in six or more credits may apply for a student worker position on campus. Students meeting the criteria for the America Reads/America Counts program may work off campus at elementary schools in the area. Students on academic probation are not eligible for work study.

**Loans:** Direct subsidized and Direct unsubsidized loans are available to students. The Federal Direct PLUS loan may be used by parents to assist dependent students with the cost of their education.

**MAP:** The State of Illinois also has assistance programs for students attending college. The Monetary Award Program (MAP) is available for students in need.

STUDENT STATUS
Students are classified as dependent or independent because federal student aid programs are based on the idea that students’ parents have the primary responsibility of paying for their children’s education.

You are an independent student if you are one of the following:

a. Are you at least 24 years old based on being born before January 1, 2000?
b. As of today, are you married?
c. At the beginning of the 2023-2024 school year, will you be a graduate or professional student?
d. Do you have children who receive more than half their support from you?
e. Do you have legal dependents who live with you and who receive more than half their support from you?
f. Are you a veteran of the U.S. Armed Forces?
g. Are you currently serving on active duty other than basic training?
h. When you were age 13 or older, were both parents deceased, were you in foster care or were you dependent/ward of the court?
i. As of today, are you an emancipated minor as determined by a court in your state of legal residence?

**FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS**
The Joliet Junior College Financial Aid Satisfactory Academic Progress policy statements are designed to comply with Title IV Department of Education regulations. According to federal and state guidelines, students must maintain satisfactory academic progress in order to be eligible to receive and maintain financial assistance. Continuing students at JJC and students who are transferring from other schools must meet all criteria of the Financial Aid Satisfactory Academic Progress policy each enrolled semester to be eligible for financial aid. This policy applies to all students applying for financial aid, whether or not the student received financial aid in the past. The minimum standards of progress are as follows:

At the end of each semester, a student must have satisfactorily completed 66.667 percent of cumulative attempted hours, including transfer credits. Attempted hours include classes in which a student receives a grade of “F” (Failed), “W” (Withdrawal), “I” (Incomplete) or “TE” (Time Extended).
Student must maintain an academic standing that is consistent with the graduation requirements for their program and must maintain a minimal grade point average as indicated below:

<table>
<thead>
<tr>
<th>HOURS ATTEMPTED</th>
<th>MINIMUM CUMULATIVE GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-12</td>
<td>1.75</td>
</tr>
<tr>
<td>13-32</td>
<td>1.85</td>
</tr>
<tr>
<td>33-48</td>
<td>1.95</td>
</tr>
<tr>
<td>49-64</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Students who have attempted credit hours that are in excess of 150 percent of their degree program’s required hours are immediately terminated and ineligible for Title IV aid. For example: For a 64 credit hour associate degree, 96 credit hours attempted are the maximum number of hours a student can take and maintain eligibility for financial aid. Students will be evaluated at the end of each semester to ensure progress toward a specified degree or eligible certificate.

NOTE: If a student is not in accordance with one or more of the above requirements at the end of each semester, he/she will be placed on financial aid warning or termination. If placed on financial aid warning, a student will receive aid for one semester and will be emailed a notice of his/her warning status.

While on warning, if a student fails to comply with the standards for a second consecutive semester, the student will be terminated from financial aid. When terminated, a notice of ineligibility will be emailed to the student along with information on the appeal procedures. If terminated, a student may appeal for reinstatement of his/her financial aid. See procedures below.

**DEVELOPMENTAL COURSES (‘0’ LEVEL)** are counted toward the total number of hours permitted under financial aid.

**REINSTATEMENT PROCEDURES**

Students that have failed to adhere to JJC’s SAP policy may complete a Satisfactory Academic Progress Appeal if there were extenuating circumstances that lead to poor academic performance.

   If prompted, log into your JJC student account to view the video.
2. Determine the Type of SAP Appeal that needs to be completed.
   Termination Appeal.
   Maximum Time Frame Appeal.
   Maximum Time One-Time Reset Appeal.
3. Schedule an appointment with a JJC Academic Advisor to complete your Educational Plan.
   Call 815-280-2673, visit Room A-1155 or email academicadvising@jjc.edu.
   After your meeting, the Academic Advisor will email you a copy of the Educational Plan.
4. Type your Letter of Explanation to detail the extenuating circumstances.
5. Gather your Supporting Documentation.
7. Upload your 1) Educational Plan, 2) Letter of Explanation, and 3) Supporting Documentation. Retain a copy of the appeal and all documentation for your records.

The Satisfactory Academic Progress Appeal Committee meets on the first Tuesday of the month. In order for appeals to be reviewed at the committee meeting, documentation must be submitted by the last Wednesday of the month.

The student will be notified of the decision through their JJC email account.

For the full SAP policy please visit jjc.edu > Getting Started > Pay for College > Financial Aid > Satisfactory Academic Progress (SAP)
Contact JJC Financial Aid Office: 815-280-2528, visit Room A 1020, or email, SAPfinaid@jjc.edu.

WITHDRAWL AND RETURN OF FINANCIAL AID POLICY
Any class withdrawals, additions, and/or changes at any time during the semester can affect students’ financial aid. Students should check with the Financial Aid Office for further information before changing their enrollment status. Students not attending classes in which they have enrolled must be withdrawn. It is the student’s responsibility to officially withdraw from his/her classes. Official withdrawals are processed by the Registration Office.

CALCULATING THE RETURN OF TITLE IV AID
The Financial Aid Office is required to implement a Return of Title IV Aid for students who withdraw from all classes for the term and/or receive all “F’s”. Title IV aid is comprised of the following federal financial assistance programs: Pell Grant, Federal Supplemental Educational Opportunity Grant, and Direct subsidized, unsubsidized and PLUS loans. The return formula is used to determine if the student and/or school must repay any amount of federal assistance. The last date of attendance and/or withdrawal date is used to calculate aid eligibility. As a result of the return calculation, the student may owe a balance to the college. The balance must be paid before the student can register for future terms.

VETERAN EDUCATION BENEFITS
JJC is proud to serve student veterans and their dependents through various services, including applications for the GI Bill®, and securing benefits from state and federal aid programs. Stop by the Veterans Resource Center at Main Campus, email VeteransBenefits@jjc.edu or call 815-280-2966. For more information on veterans’ education benefits at JJC, visit: https://jjc.edu/student-resources/veterans-resource-center

Procedure for Use of Benefits
It is each student’s choice to use their Veteran Education Benefits each semester at JJC. After registering, the student must notify the JJC Veterans Resource Center to request benefits be processed. Failure to do so can result in delay of processing time for benefits.

Veterans Satisfactory Academic Progress
An evaluation is made at the end of each semester to determine a student’s progress. A student is considered to be making satisfactory progress if their cumulative grade point average complies with the following:

<table>
<thead>
<tr>
<th>CUMULATIVE HOURS ATTEMPTED</th>
<th>CREDIT MINIMUM</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-12</td>
<td>1.75</td>
</tr>
<tr>
<td>13-32</td>
<td>1.85</td>
</tr>
<tr>
<td>33-48</td>
<td>1.95</td>
</tr>
<tr>
<td>48 and above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

NOTE: The first semester a student using veteran education benefits fails to meet these requirements, they are placed on warning and notified through JJC email. A student on warning has one semester to comply with the minimum academic standards of progress listed above. If the student meets this, the warning will be lifted. If the student fails to comply with the set standards at the end of the warning semester, the student will be placed on termination status, resulting in loss of eligibility for all state and federal benefits. A notice of the termination status is emailed to each student affected. This notice includes a reminder of the on-campus support and counseling services available.

When a student is placed on termination status, JJC is required to notify the VA and suspend benefit certification until minimum standards are reached. JJC is also not allowed to bill the state of Illinois for Illinois Veterans Grant, Illinois National Guard Grant, or MIA/POW Scholarship for a student’s tuition until the termination status is lifted. Termination from use of benefits does not, however, mean termination from JJC.
**Appeal procedure:** Students may appeal their termination status to the Satisfactory Academic Progress Committee in writing by following the procedure on the Financial Aid Website. Supporting documentation must accompany the request.

**Reinstatement procedure:** The student must increase their GPA in accordance with the standards listed above to be reinstated or have their appeal granted by the Satisfactory of Progress Appeal Committee.

**MONTGOMERY/POST 9/11 GI BILL ® RESTRICTIONS**
The VA requires students to transfer in all prior college credits to their current school of attendance for evaluation. Students using the GI Bill must declare an approved degree or certificate as their major and only classes that meet the graduation requirements can be certified for benefits. Additionally, if a student withdraws, either officially or by cessation of attendance, this must be reported to the VA and can result in an overpayment of benefits.

TUITION PAYMENT PLAN
Having a solid plan for covering the cost of college is an important step toward graduation. JJC is pleased to enlist the services of Nelnet Business Solutions to help make the process easier for you. This convenient budget plan is not a loan program. There is no debt; there are no interest or finance charges assessed; and there is no credit check. The cost to budget an interest-free, monthly online payment plan is a $25-per-semester, nonrefundable NBS enrollment fee. You must re-enroll in the payment plan each semester. A student must have a minimum $100 balance owed to the college. Students may budget tuition and fees by automatic bank payment using a valid checking or savings account or by credit card. Visit www.jjc.edu/Info/automatic-payment for a payment schedule.

Have you committed to a specific program of study?

2. Are you planning to transfer to another college or university after JJC?
3. What school do you plan to transfer on to (if applicable)?

GRADING SYSTEM

GRADES
Grades are available to students at the end of each semester and are entered on their permanent record. Final grade reports are available online through eResources/My JJC Portal. JJC uses a four-point system in which a grade of “A” counts as four quality points, “B” is three points, “C” is two points and “D” is one point. No credit courses may be taken on a pass/fail basis.

GRADE POINT AVERAGE (GPA)
Semester grade point averages (GPA) are computed by multiplying the number of credits earned in a subject, times the number of points the letter grade is worth. For example, an “A” in English 101, which carries three credits, equals 12 quality points (“A” = Four points); a “B” would result in nine quality points, etc. To determine
the GPA, add all of the quality points together and divide by the number of credits attempted. If a student has a total of 44 quality points and attempted 14 credit hours, his/her GPA would be 3.14. Grades are issued at the end of the semester and are entered on the student’s permanent record.

**ACADEMIC STANDARDS OF PROGRESS PROCEDURE**

The JJC Academic Standards of Progress procedure is designed to help students clearly understand what constitutes good academic standing and academic progress, while offering assistance in setting appropriate academic goals and connecting students with resources to help them achieve academic success.

Academic Standing Categories:

Students who fall below good academic standing will be identified into progressive categories as follows:

Category 1: Academic Caution
Category 2: Academic Probation
Category 3: Academic Suspension
Category 4: Academic Dismissal

Grade point average requirements for academic standing categories:

<table>
<thead>
<tr>
<th>CREDIT HOURS EARNED</th>
<th>MINIMUM GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-12</td>
<td>1.75 cumulative or 2.0 semester</td>
</tr>
<tr>
<td>13-32</td>
<td>1.85 cumulative or 2.0 semester</td>
</tr>
<tr>
<td>33-48</td>
<td>1.95 cumulative or 2.0 semester</td>
</tr>
<tr>
<td>49 and above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

**CATEGORY ACTIONS**

Category 1: Caution: Recommended - to limit the number of credit hours enrolled and to seek resources to enhance academic progress.

Category 2: Probation: Required - to limit the number of credit hours enrolled. Schedule appointment for probation intervention group session through the Student Advising Center.

Category 3: Suspension: Not able to enroll for one semester. Required - meet with an advisor prior to re-enrollment.

Category 4: Dismissal: Not able to enroll for one year. Required - meet with an advisor prior to re-enrollment.

The interventions prescribed must result in academic progress demonstrated by improved GPA. In some cases, and at the discretion of a counselor or academic program adviser, the summer semester can be utilized to demonstrate academic progress.

**NOTE:** If a student is suspended or dismissed from the college, he/she has the right to an appeal. Instructions for pursuing an appeal are provided with the initial letter a student receives, which identifies their status. General information regarding the JJC Academic Standards of Progress appeal process can also be found in the college catalog.

For more information on Academic Standards of Progress, visit [www.jjc.edu/standards-of-progress](http://www.jjc.edu/standards-of-progress)

**RECOGNIZING STUDENT ACHIEVEMENTS AND ACADEMICS**

JJC values students’ academic achievements and provides multiple opportunities to recognize success while enhancing curricular and extra-curricular experiences. These organizations are designed to encourage scholarship and fellowship and promote excellence. Students involved in one or more of these organizations
receive benefits including institution-wide recognition, financial assistance, mentorship, networking, special programming, and opportunities for individual growth and development.

**JJC HONORS PROGRAM**
The JJC Honors Program is designed to stimulate and challenge students’ academic excellence while providing unique educational opportunities. Honors courses feature small class sizes and utilize one or more of our four signature pedagogy. 1) Research-Intensive Writing and Speaking, 2) Discussion Based-Learning, 3) Project-Based Learning, and 4) Field-Based Learning. As members of the Honors Program’s community of scholars, students actively participate in honors colloquia such as cultural events, field trips, research conferences, guest lecturers, and Honors Forums, a series of four workshops and lectures each semester that are meant to help students get the most out of their experience at Joliet Junior College. Honors students receive individual academic advising from the Honors Program Coordinator and advisors throughout their academic careers and are recognized for their achievements in the JJC Honors Program on their transcripts and, if they satisfy all program and college requirements, at graduation. Interested students should contact the Honors Program at (815) 280-2643, e-mail honors@jjc.edu, or visit www.jjc.edu/honors or the Honors Program office in C-2002 on JJC’s Main Campus.

**ACADEMIC ACHIEVEMENT - HONOR ROLLS**
Lists of those full- and part-time students recognized for their academic achievement will be published at the end of each semester. The list can be found at Academic Achievement List/Honor Rolls. Following are the varying levels of achievement and recognition:
The Roll of Excellence
Recognizes full- and part-time students who attain the highest level of excellence in their academic studies by completing six or more credit hours during the semester and earning a semester GPA of 3.75-4.0.
The Roll of Honor
Recognizes full- and part-time students who achieve superior grades in their studies by completing six or more credit hours during the semester and earning a semester GPA of 3.50-3.74.
The Roll of Merit
Recognizes full- and part-time students who achieve excellent grades in their studies by completing six or more credit hours during the semester and earning a semester GPA of 3.0-3.49.

**HONORARY ORGANIZATIONS**

**ACADEMIC POLICIES**

**WITHDRAWING FROM CLASSES**
Students may withdraw from a course(s) by processing an add/drop form during regular business hours through the Registration and Records Office at Main Campus, Romeoville Campus, or by phone at (815) 280-2497 or by emailing a request to Registration@stujjc.onmicrosoft.com

PLEASE NOTE:
• The withdrawal dates are listed on your bill or student schedule.
• Every course has its own withdrawal date. Failure to withdraw properly may result in a failing grade of “F” in the course.
• A student who is on a college payment plan and is past the refund date and plans to withdrawal or is withdrawn by an instructor is responsible for repaying the agreement.
  • Financial Aid students should check with the Financial Aid Office prior to withdrawing from courses since it can affect their aid.

CREDIT WITHOUT ATTENDING FORMAL CLASSES
In all cases of alternative methods for awarding credit (except for independent study) credit awarded is limited to active courses and students will have to meet the credit hour residency number required for the degree and/or certificate to which the credits are applied.

• ADVANCED PLACEMENT
Advanced placement can be attained by taking examinations in the Advanced Placement program sponsored by the College Board. The results of these tests form the basis for awarding college credit to those students who have passed one or more tests with satisfactory grades. Students who have taken these examinations should request that their official scores be sent to the academic credentials specialist in the Registration and Records Office.

• COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)
CLEP can be used by students to earn credit by examination toward general education at JJC. CLEP testing is administered through the Testing Services (Campus Center, Room 1138) at Main Campus and (RMA-1039) at Romeoville Campus. For more information call Testing Services at (815) 280-2261 or go to www.collegeboard.com/clep. Visit www.jjc.edu/student-resources/testing-services/tests-administered to learn more about completing this testing at the Joliet Junior College Testing Services Department.

• PROFICIENCY EXAMINATION
Proficiency examinations for advanced standing are offered in some course areas of the college. They may only be taken by students currently enrolled at Joliet Junior College. The examinees must show that they are eligible to take the examination because they have knowledge or experience which justifies some expectation of proficiency. Approval must be obtained by the department chair. In some cases, the approval of the appropriate dean may be required. In no case may a student take a proficiency examination subsequent to participating in a course for which the proficiency examination is requested except upon recommendation of the instructor during the first two weeks of the class.

Applications for proficiency examinations may be obtained from the appropriate department chair. There is a nominal fee for each examination. Not all courses offer the opportunity for a proficiency examination.

• INDEPENDENT STUDY
Independent study is designed to allow students to pursue, for credit, subject areas of interest outside of the existing college course structure. In certain instances, independent study may be used to complete requirements for a regularly offered course. A maximum of four credit hours of coursework with an INDS 199 prefix can be applied to a degree or certificate. Self-Instructional Language Program courses may not be taken as independent study.

• DIRECT EVALUATION OF CREDENTIALS
In some cases, the college will award course credit for relevant credentials, licenses or certifications. It is recommended that interested students contact the appropriate academic department chairperson for additional information. A credit authorization form must be forwarded to the academic credentials analyst in the Registration and Records office.
• MILITARY SERVICE
Credit for four semester hours of physical education and three semester hours of Biology 103: Health is awarded for military service experience to former members of any of the branches of the armed services who served honorably on active duty for one year or more upon submission of a copy of DD Form 214 (or other evidence of honorable discharge) to the Veterans Resource Center. Members of the armed services still on active duty will be given credit subject to verification of the completion of one tour of duty. Veterans who have been discharged for medical reasons will be evaluated on an individual basis.

A former member of the armed services also may receive credit for college level general or subject matter tests taken under the jurisdiction of the USAFI (United States Armed Forces Institute). An official copy of the test scores and ratings must be submitted to the academic credentials analyst in the Registration and Records Office. As many as six semester hours of credit may be awarded for each general test (English, humanities, natural sciences, mathematics and social science) in equated college-level courses. Credit may be awarded for each subject matter test as equated to a corresponding college-level course.

Military schooling experience will be evaluated by the Academic Credentials Analyst in the Registration and Records Office and equated with equivalent college courses. A proficiency examination may be required by an academic dean to determine if knowledge or skills are sufficient to award credit.

NEW STUDENTS WITH EARNED COLLEGE CREDIT
Credits may be granted according to the following conditions:
• The collegiate institution previously attended must be a regionally accredited institution awarding college credit.
• Credit may be transferred to JJC for courses earning credit and successfully completed with a grade of “D” or above if the student’s cumulative grade point average (GPA) is 2.0 or above (“C” average) at the previously attended institution.
• If the student’s cumulative GPA is less than 2.0 at a previously attended institution, credit may be transferred for courses earning credit and successfully completed with a grade of “C” or above. The student’s work at each institution is evaluated independently if several institutions were attended.
• Credits accepted by Joliet Junior College are not necessarily applicable to all degrees.
• Credit may be transferred, but the grades earned at other institutions are not transferred nor are their grades included in computing the GPA at JJC. Only the number of credit hours accepted will be posted to the student’s academic record.

STUDENT ID CARD

A JJC student ID is required of all students enrolled in classes. Students must be able to prove enrollment in classes and present a state or government issued ID when applying for their student ID. Students should come prepared to have their picture taken for the JJC ID as their picture will appear on the student’s iCampus profile. The picture will consist of only the head and shoulders, similar in style to a passport photo. No headwear is permitted in the photo unless it is mandated by a religion.
If a student has a name that they would prefer to be known by that is different from their legal name, they can request this change by filling out the Preferred Name Change Request Form and submitting it to the Office of Student Rights and Responsibilities for review.

The student ID is issued for a two-year period from the print date. A semester sticker must be obtained each semester a student is enrolled in classes to indicate that they are a current student. These stickers can be obtained by showing proof of enrollment to staff in the Photo ID office or Romeoville Learning Resource Center.

Student IDs can be obtained or updated at the Photo ID office on the Main Campus in room A-1105 or at the Romeoville Campus in the Learning Resource Center, RMB-1080. If a student is unable to come onto campus to have their picture taken or to get their card validated, they can apply online. They will need to sign in with their JJC email and password to complete the application and they must include a picture of their head and shoulders against a neutral background along with a picture of their government issued ID.

Setting up or requesting an appointment is simple. Students can request an appointment one of three ways:

1. Visit the Office of Student Rights and Responsibilities (A-1100) to make an appointment in person
2. Call our office at (815) 280-2936 to request an appointment over the phone
3. Request an appointment online by visiting [http://jjc.edu/studentwellness](http://jjc.edu/studentwellness) then choosing - New Client – Appointment Request for Mental Health Services.

To set up an appointment, please note that for new students, basic personal information will be requested to set up your profile in our system. This includes your full name, student ID, phone number, address, date of birth, and emergency contact. For video and phone sessions, a pre-screening must be completed with our administrative assistant to determine the appropriateness for virtual services. Information is requested due to records not connecting with JJC academic record or systems. The preferred method for an appointment request is online as it allows students to complete their consent forms as well.

FIRST CONTACT

During the first appointment, our mental health clinicians work hard to orientate students to our services and psychotherapy in general. We make the effort to fully understand the challenges faced by our students and collaborate with our students to find the best course of treatment. Students coming in for their first visit will be seen for a 60-minute intake appointment with a professional to discuss:
An overview of our available services and complete necessary paperwork to engage in services
Answer any questions or concerns and provide information about what to expect from the process
Complete a health and mental wellness questionnaire together
Discuss the student’s presenting issues and concerns that need to be addressed
Collaborate together to determine appropriate next steps and course of treatment
Schedule next individual session and/or assign group session(s), or help coordinate off-campus referrals as needed for more intensive mental health needs and when appropriate

GROUP SESSIONS
Groups give students the opportunity to share experiences, learn new perspectives, and experiment with new behaviors in a safe and supportive environment. It is also a great opportunity to gain social support and make connections with peers. As an on-going process, mental health clinicians work to offer a number of group options and will be reviewed each semester to meet the changing needs of our student population. Past groups have included anxiety management, expressive arts, women empowerment, international and first-generation students, and many others. Groups are determined based off of observed needs and through student surveys.

CONFIDENTIALITY
All student mental health records are maintained through the electronic health record, Titanium Scheduler, which is HIPAA-compliant and secure. All therapy records and sessions are maintained on this software and are kept strictly confidential and not part of the college student educational record. Information is shared only with a student’s written permission. Exceptions to confidentiality are rare and include when a person poses a threat to his/her/their own safety and/or the safety of others (direct threat) and/or when it is ordered by the court. All clinicians are also mandated reporters and must report any suspected abuse or neglect of a child, elder, or any individual with disabilities.

HOURS AND APPOINTMENT
Services are available Monday through Friday from 8:00am to 4:30pm, with the last appointment scheduled for 3:00pm. Services are not available over the weekend. Evening appointments are available upon request.

insecurity. In collaboration with community agencies and resources, the Supportive Service Coordinator helps as a liaison to help students connect to resources in the community.

ELIGIBILITY AND COST
Counseling services are free of charge to all current, credit-seeking and enrolled students. Depending on their need for more intensive services or when deemed necessary and appropriate, students may be referred to outside community services. The Case Management Coordinator will work with students to identify all immediate needs and identify off-campus services that are within the financial means of the student. If concerns persist, reporter can consult with the Case Management Coordinator or submit additional Care Reports that documents continued concerns. In the event the report includes any instances of code of conduct violations, the report may be shared with BIT (Behavioral Intervention Team) for further intervention. Please find the Care Report located at jjc.edu/carereport

MINDWISE – ONLINE CONFIDENTIAL MENTAL HEALTH SCREENING
We also offer free and anonymous online screening for eating disorders, alcohol misuse, anxiety disorders, depression, and any other mental health concerns through the MindWise platform. It is recommended that students save and print their results when setting up an appointment to meet with one of our staff members.. ONLINE LEARNING
iCampus provides opportunities for course instruction that utilizes modern media and technology to replace the commute to campus for classes. Course formats include:

- **Online:** Students enrolled in an online course do not attend class on-campus; however, some online courses may require campus visits for exams. An online course is not a correspondence course, meaning that it is not possible to complete an online course entirely at your own pace; however, online courses do allow for some flexibility that falls within prescribed due dates and other requirements. The academic outcomes of online courses are the same as face-to-face courses. The difference is that the assignments and activities can be performed from a distance, via an internet-connected computer. With online courses all instruction occurs online.

  JJC online courses follow one of two formats:

  **Asynchronous:** Students enrolled in asynchronous online courses do not attend class on-campus or in real-time; however, some online courses may require campus visits for exams. Students will access content in a variety of formats and complete coursework, group interaction and discussions, assignments, quizzes, and more by assigned due dates provided in the course. Students should expect to have regular and substantive interaction with the course content, with each other, with the instructor, and with technology used in the course.

  **Synchronous:** Students enrolled in a synchronous online course do not attend class on-campus; however, will be required to meet online during scheduled times as communicated in the course schedule. Students may be required to visit campus for exams. Faculty can choose to offer instruction through Canvas Conferences or Microsoft Teams. Faculty will communicate meeting information and provide links to the scheduled sessions in the Canvas course (i.e., announcement, syllabus, or welcome page content). Attendance in the required online meetings will function the same way as attendance in a face-to-face course that meets in a classroom.

- **Hybrid (formerly Blended):** Hybrid courses are taught partially online and partially in a face-to-face classroom setting. Hybrid Courses reduce the amount of time spent in class on campus by moving lectures, course work, and other activities online. The academic learning outcomes of online courses are the same as face-to-face courses.

Online and hybrid course structure varies between courses, but the same academic expectations and course objectives exist as they do with a face-to-face course. The difference is that the activities and tasks can be performed from a distance on a computer or portable device at home or some other location. Online and hybrid students experience the same academic rigor, content and curriculum as on campus students with the additional flexibility in class schedules which can be balanced with personal and work obligations. Students enrolled in online and hybrid courses should expect a variety of instructional methods and course tools including, but not limited to, discussion boards, web resources, lecture content, and video. In addition to a variety of instructional methods, students should expect more reading and required discussions, as well as consistent use of technology.

Detailed instructions and guidelines, such as course assignments, objectives, due dates, and grading criteria are provided by each instructor in the LMS/online course room. Instructors are often available for conferences both online and on-campus. iCampus courses are not self-paced and cannot be completed early.

To determine if you will be successful in JJC’s online course environment, complete the SmarterMeasure Assessment available in the “Are Online Courses Right for Me?” Section of iCampuses webpage at www.jjc.edu/online-learning

Accreditation and transferability policies and practices are the same for iCampus courses as they are for other courses at the college. Students are encouraged to visit with an advisor regarding this topic as individual policies/practices at receiving transfer institutions vary.
All students who register for an online or hybrid course at JJC must complete a one-time online orientation on using the college’s Learning Management System (LMS) titled “Introduction to Online Learning.” This orientation requirement must be completed before full access to courses in the LMS is granted. Failure to complete this orientation requirement does NOT automatically de-register students from registered courses nor eliminate charges and obligations from course registration. Students should contact the iCampus Center with any questions. The Center can be reached at (815) 280-2481 or via e-mail at iCampusSupport@jjc.edu.

An iCampus Online Retention Specialist is available to help students experiencing difficulties in online sections. The Retention Specialist can be reached at (815) 280-6700 or via e-mail at iCampusSuccess@jjc.edu.

iCampus Course Offerings
When searching for courses in eResources the “Search for Classes” page contains a column labeled “Course Type.” To search for online sections, choose the “Online” option from this list. To search for hybrid sections, choose the “Hybrid” option from this list. If campus visits are required, it will be noted in the meeting information section of the search results. The meeting information section will also display other important information for the course section. iCampus course offerings change each semester.

**CONNECTING WITH YOUR TRANSFER INSTITUTION: A GUIDE**

*Where do I start?*

- Try to narrow down a major, program or career you may be interested in learning more about.
• If you are completely undecided, that's okay! You can still think about transferring!
• Try to narrow down a few transfer schools you may be interested in.
  o Do you want to be close to home, a few hours away, out of state?
  o Would you feel comfortable in a school with a large population or would you like a smaller setting?
• Planning your transfer takes time and research to find the right fit! View our Choosing You College video for assistance in choosing your transfer school!

Who do I talk to?

• Talk to admission representatives from potential transfer schools. Admissions reps are college and university employees who will answer your questions and help you through the transfer process.
• We post college and university visits at jic.edu/university-partners/transfer-events. Check the site frequently to find out when your transfer institution will be on campus!

What do I ask?

A. Do you have the program that I am interested in? What similar majors do you have? Do you have a major that will lead to my chosen career path?
B. What are your admissions requirements?
C. What are the application deadlines?
D. Are your classes online, in-person, hybrid? Can you take courses in a variety of ways?
E. What academic and student support resources do you offer?
F. Are there courses I need to complete prior to transfer? Is there a GPA requirement?
G. How do I get my transfer credits evaluated?
H. How large is your institution? What is a typical class size?
I. What is the financial aid and scholarship process at your school? Are there scholarships available for transfer students?
J. What is campus life like at your institution? Is it easy to get involved in clubs and activities?

This is just a brief list to get you to think about questions to ask. Most importantly, ask what is important to you!

Students are responsible for all actions and/or functions performed on college computers with regards to log-on identifications, passwords, and e-mail accounts. It is a violation of college policy to share such information with others. Unauthorized use, alteration, destruction or disclosure of Joliet Junior College information or computing resources is a computer-related crime and will be subject to disciplinary action and/or criminal prosecution. JJC STUDENT EMAIL

Checking your e-mail is important! All students have access to a free college email account through Microsoft O365 and can be accessed on the web or through the myJJC Portal. The student email account is the official means of communication at Joliet Junior College. Students are required to access and review JJC email on a frequent and consistent basis in order to stay current with college-related communications and are responsible for responding, when called for, to all requests and other college communications sent via Joliet Junior College email. Be sure to check your student e-mail account frequently.

After registering for classes, students can obtain their account information via the Internet by going to password reset portal, and selecting the link “Find My JJC Username/ID”. INFORMATION TECHNOLOGY RESOURCES AND STUDENT ACCOUNTS

Joliet Junior College provides and encourages the use of technology resources including internet access, which is available for students, faculty, staff and other authorized individuals in support of the research, educational, and administrative purposes of the college. The goal of Joliet Junior College's information technology is to provide high-quality technology services to the College Community.

The college reserves the right to extend, limit, restrict or deny privileges and access to its information resources.

Access to information resources may be granted by the college at its discretion, based on and not limited to the following factors: relevant laws and contractual obligations; the requester’s need to know; the information’s sensitivity; and the risk of damage to, or loss by, the college.

College facilities and accounts are to be used for the activities or purposes for which they are assigned. Computing resources are not to be used for commercial purposes without written authorization from the college. In these cases, the college will require payment of appropriate fees. This policy applies equally to all college-owned or college-leased equipment.

It is not acceptable to use JJC’s information technology resources for any illegal or unlawful purposes, or in such a way as to interfere with or disrupt network users, services or equipment. Such interference includes, but is not limited to, distribution of unsolicited advertising, transmission of threatening, obscene or harassing materials, propagation of computer worms or viruses, or use of the network to make unauthorized entry to its computational information or communications devices or resources.

Access to information technology resources without proper authorization from the data owner, unauthorized use of JJC’s facilities, and intentional corruption or misuse of information technology resources are direct violations of the college’ Code of Conduct and may result in civil or criminal charges.

Students are expected to exercise responsible, ethical behavior when using these resources and to adhere to the following guidelines:

- Students must accept and agree to the college's policy on Responsible Use of Information Technology at Joliet Junior College (Board Policy 10.1).
- JJC may terminate a student email account at any time, for any reason, including a student's account being inactive for 12 months.
- The transmission of junk mail, spam, chain letters or unsolicited mass distribution of email is prohibited. Users shall identify themselves clearly and accurately, whenever sending or forwarding email over the campus network or Internet.
- Violations or changes to a student account must be reported to the dean of students.
- Downloading programs and files may violate United States copyright laws that protect information and software. All files downloaded from a source external to the campus must be scanned for viruses.
- The college reserves the right to extend, limit, restrict or deny privileges and access to its information resources.

INFORMATION SECURITY BEST PRACTICES

Protect yourself and your data. Information security is easier than you may think.

- Protect your personal information. To minimize your risk of identity theft, don’t share your personal information unless you know how it will be used and protected. Use discretion when sharing information on social media sites (Facebook, Twitter, etc...). Your birth date, address & other personal information can be used for identity theft.
- Protect all of your passwords. Create easy to remember, hard to guess passwords and never share them with other people. Change your password every semester. Don't use the same password everywhere (personal accounts and JJC account). And if you write them down, keep them in a secure location.
- Help yourself remember your strong password or passphrase by following these tips:
  a. Your password MUST be from 10 to 16 characters in length (minimum of 10 characters). Generally, the more characters you can use, the harder a password is to be cracked or guessed.
  b. It must not contain your actual username (portion before the @ symbol)
c. It must contain characters from 3 of these 4 categories:
   i. English uppercase letters
   ii. English lowercase letters
   iii. Numbers 0 thru 9
   iv. Non-alphanumeric characters (NO spaces allowed)

d. Create an acronym from an easy-to-remember piece of information. For example, think of a favorite quote or song, book title or TV show. "I love Jimmy Fallon's Thank You Notes!"
   i. Your password could be: ILoveJFTYNotes!
      1. Substitute numbers, symbols, and misspellings for letters or words in an easy-to-remember phrase. For example: ILuvJFTUNotes!
   ii. NOTE: Never use published example password/passphrases such as the ones above.

- Don't open untrusted files. Only download and install reputable software from authoritative sources.
- Don't open email attachments if you don’t recognize the sender or you weren’t expecting an attachment.
- Think before you click on attachments in email, instant messages, and untrusted web sites. If you don't know the source, weren't expecting a message, or if a message/website looks suspicious, do not click and ABSOLUTELY DO NOT PROVIDE ANY PERSONAL INFORMATION! Verify first with a phone call or an independent email. One bad click can infect your computer, launch attacks on others, and result in account/network suspension.
- Don’t forget to log out of a computer after you're finished using it. The person after you may decide to send an email to everyone in your address book, giving them the ability to say anything! Or print from your account, costing you money. In addition to these risks, you may also unknowingly leave behind sensitive information (such as your name or address) from forms or websites you have visited. To safely use the computers on campus always follow the steps below:
   a. Close out of all browsers when done surfing the internet.
   b. Log out of the computer when you are done. This step is the easiest and most important to keeping your account safe.
   c. Never leave the computer logged in when it is out of your sight. If you're going to run down the hall to use the restroom, log out of the computer. It only takes a few minutes for someone to send inappropriate emails from your account and/or sign you up for a few extra classes next semester.
- Adhere to Copyright & Intellectual Property Laws. JJC supports the fair usage of creative works. At the same time, it is committed to protecting intellectual property and copyrights and takes a strong stance against any violations of these laws. Non-compliance can result in disciplinary action or account/network suspension.

STUDENT CODE OF CONDUCT
All students at JJC are expected to demonstrate qualities of integrity, fair-mindedness, honesty, civility, tolerance and respect. These values are important to the learning environment and are expected to be exhibited in the conduct of the entire college community, both in and out of the classroom setting. JJC recognizes the rights of its students guaranteed by the constitutions of the United States and the state of Illinois, which includes a student’s rights within the institution to freedom of speech, inquiry, assembly, peaceful pursuit of an education, and reasonable use of services and facilities of the college.

In the interest of maintaining civility on campus and guaranteeing the broadest range of freedom, students must comply with the college’s Student Code of Conduct, which reasonably limits some activities and reasonably prohibits certain behavior which could interfere with the classroom setting, the orderly operation of the college, and the pursuit of the college’s goals and core values of Respect, Integrity, Collaboration, Humor and Well-Being, Innovation, and Quality. In addition to the code, students must also recognize and comply with the standards of classroom behavior as stated in their individual course syllabi. Further, students must understand that threats of violence, acts of violence, and theft are considered a serious infringement upon the learning environment and will result in college suspension.

Each student is responsible for reading and complying with the Student Code of Conduct and the Academic Honor Code, which are referenced in the college catalog and student handbook, and as a separate publication through the Office of Student Rights and Responsibilities, or online at Student Code.

The college further recognizes each student’s procedural right to due process, which includes providing notice setting forth the alleged violation(s), and a speedy and fair hearing and appeal process. Any member of the college community can initiate an accusation of an alleged violation. If a student is accused and cited for an alleged violation, he or she will receive notice of the alleged violation.

GENERAL PETITION FOR REFUND OR LATE WITHDRAWAL
Information regarding the General Petition for refund or late withdrawal can be found at www.jjc.edu/student-resources/registrars-office.

Documentation that will support this request is required. General petition appeals are not always granted. A petition may take 4-6 weeks to be responded to.

ACADEMIC HONOR CODE
Joliet Junior College acknowledges the importance of honest academic behavior. The objective of the academic
honour code is to sustain a learning-centered environment in which all students are expected to demonstrate
integrity, honor, and responsibility, and recognize the importance of being accountable for one’s academic
behavior.

CLASSROOM BEHAVIORS COVERED BY THE HONOR CODE
Acts of academic dishonesty include:

Cheating—intentionally using or attempting to use unauthorized materials, information, or study aids; use of any
unauthorized assistance, resources, materials or electronic/cellular devices with or without photographic
capability in taking quizzes, tests or examinations and the acquisition, without permission, of a test or other
academic material belonging to Joliet Junior College, to any department, or to any staff.

Plagiarism—the reproduction of ideas, words or statements of another person as one’s own without
acknowledgement, or use of an agency engaged in the selling of term papers or other academic materials.

Unauthorized Collaboration—intentionally sharing or working together in an academic exercise when such actions
are not approved by the course instructor.

Falsification and Fabrication—intentional and unauthorized falsification or invention of any information or citation
furnished to any college official, faculty member or office.

Facilitation of Academic Dishonesty—permitting or attempting to help another to violate the academic honor
code; alteration or sabotage of another student’s work, such as tampering with laboratory experiments.

TURN-IT-IN
Joliet Junior College makes use of Turnitin to review and check student work for possible plagiarism. Turnitin
has been integrated within the Canvas Learning Management System (LMS) and faculty can elect to have
student assignment submissions within the LMS automatically sent to Turnitin for review. Students agree that
by submitting work within the LMS that said work may be subject to submission for textual similarity review to
Turnitin.com for detection of plagiarism. All submitted papers will be included as source documents in the
Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. Use of the
Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com site.

STUDENT COPYRIGHT INFRINGEMENT NOTIFICATION
In August of 2008, Congress amended the Higher Education Act (HEA). The amended HEA requires all colleges
and universities that, like Joliet Junior College, receive student financial aid funding from the federal government
to provide notice to students of college policies and other information about copyright infringement and illegal
file sharing. This notice provides a summary of Joliet Junior College’s policies and where to find more information
about copyright law and illegal file sharing.

Students are required to comply with all local, state, federal, and international copyright laws, and with College
policies regarding the use of copyright-protected materials at JJC. Whenever copyright-protected works are used
and fair use does not clearly apply, JJC requires students to obtain written permission from the copyright owner.
Downloading, uploading or transmitting files containing copyright-protected works without the permission of the
copyright owner is prohibited by JJC policy- a violation of which may subject an infringer to JJC’s Code of Student
Conduct or employee disciplinary action, is illegal, infringes the copyright owner's rights, and may result in legal
liability for the infringer and the College.

Most forms of expression, whether images, sculptures, designs, interactive works, books, movies, blogs, videos,
music, or software, are protected by copyright law upon fixation in a tangible form. Expressive works are
protected whether or not the work bears a copyright notice, and without regard to where the work is published
or displayed. Copyright-protected works cannot be copied, distributed, adapted, performed, or displayed without
the permission of the copyright owner. Any unauthorized use of a copyright-protected work infringes the copyright
owner's exclusive rights under copyright law.

Civil and Criminal Penalties for Violation of Federal Copyright Laws
For a first offense, the incident will be documented and closed. Repeat infringers will be referred to the appropriate College authority for further action in accordance with campus policies and procedures. In addition to the above, inappropriate use of information technology resources may result in personal civil and criminal penalties and other administrative liability. Finally, under the Digital Millennium Copyright Act (DMCA), the claimant may pursue a subpoena to obtain the identity of the system user and may file a lawsuit against the user.

A finding of copyright infringement does not require that the unauthorized use of the work be commercial, or that the infringer knows that a use is infringing. Even accidental copyright infringement creates legal liability. An infringer faces paying the copyright owner monetary damages, having the infringing work destroyed, and serving time or paying fines for certain criminal activities connected to copyright infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than $750 and not more than $30,000 per work infringed. For "willful" infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

For more information, please see the U.S. Copyright Office Web site, especially their FAQs.

JJC prohibits use of its technology systems, including, without limitation, use of its website, email system, portal, computer labs, and bulletin board systems ("Technology Resources") in connection with illegal activities, including such activities as circumvention of access control or copy protection technology, unauthorized file sharing, or other methods of downloading, copying, distributing, or sharing copyright-protected works without the permission of the copyright owner, or in connection with making copyright protected materials available for downloading, copying, distributing, or sharing by others without the permission of the copyright owner.

JJC has the right, but not the obligation, to monitor and review any use of the Technology Resources. JJC may monitor user IDs and passwords used to access the Technology Resources, may review information stored or sent using the Technology Resources (including emails and attached files), and may remove and save a copy of such information in JJC's sole discretion.

JJC may utilize technological methods such as traffic shaping, content filtering, or user tracking to identify, block, and/or thwart activities deemed in JJC's sole discretion to be potentially illegal or necessary to conserve the Technology Resources or manage their usage. JJC may retain copies of any information stored on or sent using JJC's Technology Resources, even if the originator of such information deleted such information.

JJC reserves the right to restrict or terminate user access to the Technology Systems or to disable a user ID and/or password at any time without notice if JJC believes that the user has violated this policy, or any state or federal law. JJC reserves the right at all times to disclose, without notice to the user, any information necessary to satisfy any applicable law, regulation, legal process or governmental request, or to edit, refuse to post or to remove any information or materials, in whole or in part, in JJC's sole discretion if JJC believes a user has violated any of portion of this policy or any other JJC policies or guidelines.

JJC investigates notices of copyright infringement submitted to JJC and takes appropriate actions under the DMCA, including removal of infringing materials from the JJC website or other Technology Resources. Students are responsible for reading, understanding, and personally complying with this notice and the JJC's Technology Acceptable Use policies. Students who violate JJC's policies are subject to disciplinary action by the College, which may include termination of access to the Technology Systems, disciplinary probation, suspension, and dismissal from JJC, as further provided in JJC's student policies. In addition, a student may face personal legal liability, including civil and criminal penalties for infringement of copyright and other intellectual property laws, which may include injunctions restraining infringing activities, monetary damages, prison time, attorney's fees, and court costs.
ALTERNATIVE TO ILLEGAL DOWNLOADING
Universities are required to periodically review the legal alternatives for downloading or otherwise acquiring copyrighted material and make the results of the review available to their students through a web site or other means.

Alternatives to unauthorized file sharing are available on EDUCAUSE’s website. The Recording Industry Association of America (RIAA) also maintains a listing of alternatives.

STUDENT COMPLAINT PROCEDURE
JJC promotes an open educational environment, rich in values and designed to protect the integrity of teaching and learning. In that spirit, the college encourages all students to first direct their complaints and concerns to the faculty, staff, or administrator specifically involved.

The college believes many complaints can be resolved through an open, honest dialogue between the persons involved. In cases where that may not be possible, the JJC Student Complaint Procedure can assist in facilitating a resolution. Other than grade appeal or claim of sexual discrimination, harassment, or misconduct, a complaint that challenges the decisions or actions of college personnel will be considered under this procedure. Information can be obtained through the Office of Student Rights and Responsibilities or online at www.jjc.edu/campus-life/office-student-rights-responsibilities.

**SCHOOL POLICIES/STUDENT RECORDS/FERPA**

From the Office of Student Rights & Responsibilities and the Office of the College Registrar
In accordance with the Family Educational Rights and Privacy Act (FERPA), Joliet Junior College adheres to the following policies and procedures to protect the privacy of students’ education records. Students are notified of their FERPA rights by publication in the Student Handbook, on the Joliet Junior College web site, and through email communications during the fall and spring semesters.

**Education records:** Any record maintained by the college, which is directly related to a student, with the following exceptions:

- Personal records kept by the college employees which are in the sole possession of the maker and are not accessible or revealed to any other person
- Employment records unless the employment records are contingent on the fact that the employee is a student
- Records maintained by Campus Security solely for law enforcement purposes
- Records maintained by Student Wellness Advocates (Counseling) through The Office of Student Rights & Responsibilities
- Medical & treatment records
- Alumni records

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

- The right to inspect and review the student's education records within 45 days after the day that Joliet Junior College receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to provide written consent before the college discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the Joliet Junior College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the Joliet Junior College.

- Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Joliet Junior College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

(§99.31(a)(14))

14. TITLE IX - PREGNANT AND PARENTING STUDENTS

Joliet Junior College is committed to creating and maintaining a community where all individuals enjoy freedom from discrimination, including discrimination on the basis of sex, as mandated by Title IX of the Education Amendments of 1972. Sex discrimination, which can include discrimination based on pregnancy, marital status, or parental status, is prohibited and illegal in admissions, educational programs and activities, hiring, leave policies, employment policies, and health insurance coverage.

Joliet Junior College has procedures for ensuring the protection and equal treatment of pregnant persons, individuals with pregnancy-related conditions, and new parents.

Joliet Junior College and its faculty, staff, and other employees shall not require a student to limit her studies due to pregnancy or pregnancy-related conditions. The benefits and services provided to students affected by pregnancy shall be no less than those provided to students with temporary medical conditions. Students with pregnancy-related disabilities, like any other student with a disability, are entitled to reasonable accommodation so they will not be disadvantaged in their courses of study or research, and may seek assistance from the Office of Student Rights & Responsibilities.

Reasonable accommodations may include, but are not limited to:

1. accommodations requested by the pregnant student to protect the health and safety of the student and/or her pregnancy (such as allowing the student to maintain a safe distance from hazardous substances)
2. modifications to the physical environment (such as accessible seating)
3. extending deadlines and/or allowing the student to make up tests or assignments missed for pregnancy-related absences
4. providing remote learning options
5. excusing medically-necessary absences
6. granting leave
7. breast-feeding students must be granted reasonable time and space to pump breast milk in a location that is private, clean, and reasonably accessible.

For more information contact the Office of Student Rights & Responsibilities, at (815) 280-2761 or visit A-1100.

For Students:
ALCOHOL, OTHER DRUGS, AND WEAPONS

As an academic community, JOLIET JUNIOR COLLEGE is committed to providing an environment in which learning and scholarship can flourish. The possession or use of illegal drugs, or the abuse of those which may otherwise be legally possessed, seriously affects the College environment, as well as the individual potential of our students and staff. The College enforces state laws and related College policies, including those prohibiting the following activities on campus:

- Providing alcoholic beverages to individuals under 21 or possession or consumption of alcoholic beverages by individuals under 21.
- Distribution, possession, or use of illegal drugs or controlled substances.
- Possession of firearms or other dangerous weapons.

The abuse of alcohol and other drugs by students, regardless of age and of location (on-campus or off-campus), is prohibited by the Student Conduct Code. The College can, and will, impose disciplinary sanctions for violations. Students are also subject to city ordinances and state and federal laws. A separate policy addresses violations by College staff.

The College strongly encourages students and staff members to voluntarily obtain assistance for dependency or abuse problem before such behavior results in an arrest and/or disciplinary referral which might result in their separation from the institution.

The use of, or addiction to, alcohol, marijuana, or controlled substances is not considered an excuse for violations of the Student Conduct Code or staff expectations and will not be a mitigating factor in the application of appropriate disciplinary sanctions for such violations.

Help is available both on campus and within the community for students and staff members who are dependent on, or who abuse the use of alcohol or other drugs. During COVID-19 Joliet Junior College students can contact the Office of Student Rights and Responsibilities/Student Mental Health and Wellness, to arrange video or phone counseling sessions. More information about getting started can be found on the MyJJC portal page or by phone at (815) 280-2936. Please note, appointment requests are for non-emergency, non-immediate crisis situations. You will receive a call back to set up appointment by our administrative assistant. For crisis situations, please call 911, the Will County Crisis Line at (815) 722-3344, or text “CONNECT” to 741741 to seek help.

Joliet Junior College employees can contact the JJC Employee Assistance Program, ComPsych, for counseling, legal and financial consultation, work-life assistance and crisis intervention services. This is strictly confidential and available to you and your household family members. More information can be found at 833-962-0004 or visit ComPsych. The GuidanceNow app is also available for download (Web ID: JJCEAP).

Federal Drug Laws
The possession, use, or distribution of illicit drugs is prohibited by federal law. Strict penalties are enforced for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for first convictions. All penalties are doubled for any subsequent drug conviction.

Denial of Federal Aid (20 USC 1091)
Under the Higher Education Act of 1998, students convicted under federal or state law for the sale or possession of drugs will have their federal financial aid eligibility suspended. This includes all federal grants, loans, federal work study programs, and more. Students convicted of drug possession will be ineligible for one year from the date of the conviction of the first offense, two years for the second offense, and indefinitely for the third offense. Students convicted of selling drugs will be ineligible for two years from the date of the first conviction, and indefinitely for the second offense. Those who lose eligibility can regain eligibility by successfully completing an approved drug rehabilitation program.

Forfeiture of Personal Property and Real Estate (21 USC 853)
Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

Federal Drug Trafficking Penalties (21 USC 841)
Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following list is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces mandatory life sentence and fines ranging up to $8 million.

Persons convicted on federal charges of drug trafficking within 1,000 feet of a University (21 USC 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least 1 year.

**CAMPUS POLICE**

At JJC, the safety and well-being of students, faculty, staff and visitors is top priority. With the support of other departments, many people play a major role in keeping JJC a safe place to study, work and visit.

The Campus Police department is responsible for law enforcement, security and emergency response at JJC. The police officers are duly sworn and commissioned as peace officers, and as such, have the same powers as police officers in cities and sheriffs in counties, including the power of arrest. The officers are sworn to enforce the laws under Chapter 720 of the Illinois Compiled Statutes, the traffic laws under Chapter 625 of the Illinois Compiled Statutes.
Table of Contents

Statutes also known as the Illinois Motor Vehicle Code as well as College policies by way of the Student Code and College Regulation citations.

The exterior parking lot phones have blue lights on top and flash when activated, providing a direct link to the Campus Police dispatcher. When the telephone is activated, each call box is individually identified as to its location. The on-duty communications operator answers all calls and dispatches an officer to the appropriate location.

**HEALTH RISKS ASSOCIATED WITH ALCOHOL ABUSE**
Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person’s ability to learn and remember information. Very high doses cause
respiratory depression and death. If combined with other depressants of the central nervous system, a much lower dose of alcohol will also produce the effects described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

 Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

The Dean of Students and Counseling staff, inform their clients of the procedures to report crime to the JJC Police on a voluntary basis, should they feel it is in the best interest of the client. Campus Police obtain Code Referral statistics from the Dean’s office to include in the ASR. Crime statistics for mandated adjacent areas are obtained from local police agencies.

Each year, prior to October 1st, an e-mail notification will be made to all enrolled credit students as well as all current employees providing information regarding the availability and web address for the most recent ASR. Copies of the ASR may also be obtained at the JJC Campus Police Department located in G1013 or by calling (815) 280-2234. The availability of the ASR and related polices along with the web address where it can be found, is included on all JJC employment applications as well as on all student enrollment applications. This information is also available in the annual JJC Police Book that is distributed at all campuses and is available at the Campus Police Department – G1013, at information kiosks throughout JJC campuses and in PDF format on the JJCPD website.

JJC PD also maintains a Daily Crime Log mandated under the CLERY Act. This log contains summary reports of all police activity and is available for inspection at the JJCPD.
