CHOOSING A PROGRAM OF STUDY

A VA approved program of study is required for any student requesting to receive veteran's education GI Bill benefits at Joliet Junior College. A list of degrees/certificates can be found in the JJC Academic Catalog.

ACADEMIC ADVISING

It is required that you request an appointment with an academic counselor or advisor to develop a **Veterans Educational Degree Plan** and ensure you are enrolling in the appropriate courses that are necessary for your declared program of study. You may print a degree planner from our online Academic Catalog to assist with course choices. If you change your degree, you must complete a new form.

An academic counselor or advisor can answer questions you have regarding specific classes, programs of study, academic standing and transfer.

Please consider meeting with a counselor/advisor every semester prior to registration to ensure you are selecting the courses required for your degree. You may also schedule an appointment for a degree audit to monitor your progress towards completion.

DEGREE AUDIT

A degree audit is an analysis of the courses necessary to complete your program of study. Only courses required for the degree are payable utilizing GI Bill benefits.

ACADEMIC STANDING

In accordance with the United State Department of Veterans Affairs and State of Illinois regulations, Joliet Junior College has established minimum Academic Progress guidelines for all veterans educational benefit recipients. These standards apply to all students receiving federal and state veteran educational funding.

Minimum Cumulative GPA Requirements

- **0-12 Credit Hours Attempted: 1.75 Minimum Cumulative GPA**
- **13-32 Credit Hours Attempted: 1.85 Minimum Cumulative GPA**
- **33-48 Credit Hours Attempted: 1.95 Minimum Cumulative GPA**
- **49-64 or above Credit Hours Attempted: 2.00 Minimum Cumulative GPA**

Evaluation of Academic Progress

A veteran student is evaluated for academic progress at end of each academic term. This evaluation includes all coursework taken at Joliet Junior College. Evaluations are made at the end of each semester to determine a student's progress toward a specified degree or eligible certificate. A student is considered to be making satisfactory progress if his/her Grade Point Average complies with the GPA Requirements listed above.

The first semester a student using veterans education benefits fails to meet these requirements, he/she is placed on probation and notified via their JJC email account. A student on probation has one semester to comply with the minimum academic standards of progress. If the student meets this provision, probation will be lifted. If the student fails to comply with the set standards at the end of the probationary semester, eligibility for all state and federal veterans' funds will be withdrawn, resulting in the student being placed on termination status. A notice of termination, stating the reasons for withdrawal of eligibility, is emailed to the student's JJC email account. This notice includes a reminder of the on-campus support and counseling services available. When a student is terminated, JJC is required to notify the VA and suspend benefit certification until minimum standards are reached. Termination from the use of benefits does not, however, mean termination from Joliet Junior College.

Appeal Procedure

Students may appeal their termination to the Standards of Academic Progress Appeals Committee in writing. Forms are available in the Veterans Resource Center and Financial Aid Office outlining the appeal process. Supporting documentation must accompany the request. Appeals will be considered on an individual basis by the Committee and will be either approved with provisions or denied. More information can be found at <http://jjc.edu/getting-started/pay-school/financial-aid>
